WORLD NEWS IN REVIEW

IXIES
Radio dramatization of H. G. ell's novel, "The War of the orlds," this week brought panic thousands of radio listeners. Evi- ently made gullible by a diet of orror" stories and funnypaper les, many were actually convinced at New Jersey had been attacked swarms of little men from Mars.

OOSEVELT
President Roosevelt left Washing- n this week for his New York untry home to deliver a campaign eech and vote in next Tuesday's neral election before returning to e capital next week.
Mr. Roosevelt will ride into the ttest New York state campaign nce 1928 when he led the home ard as Democratic nominee for vernor to support Alfred E. Smith r President.

ETALIATION
Palestine faced a crisis this week the result of a general strike of rabs. Arabs threatened to boy- tt United States institutions, urches and imports because of the and of the administration in favor continued Jewish immigration to alestine.

YNTHETIC SILK
E. I. du Pont de Nemours and Co. ently announced it would erect a w textile plant and begin com- ercial production of Fibre 66, re- arded by chemists as the first satis- ctory substitute for silk in hosiery. ast week Celanese Corporation of merica, third largest U. S. rayon anufacturer, approved construction a $10,000,000 factory near Pearis- urg, Va., where it will produce a w synthetic silk fibre. This yarn, id company officials, can be used r various textile products, does t correspond with Fibre 66. But e trade saw in the announcement second sign that the Japanese silk- orm soon will spin no more for . S. hosiery makers.

AP ALEUTIANS
The coast and geodetic survey at ashington, D. C., received bids on ship for survey duty along the leutian Islands. Officials said the ntemplated survey may open new ade routes to the orient and assist defense plans.
The ship will be 198 feet long, of eel construction.
Officials said the only charts of e Aleutians are outdated, the old ussian maps not being sufficiently liable.

LL CALIFORNIA PARTICIPATES N EXPOSITION

ayors and Supervisors To Serve On Advisory Committee

Every city and county in the State California is joining in plans for gigantic statewide celebration her- ding the opening of the Golden ate International Exposition on ebruary 18 next year .
This was announced this week by eland W. Cutler, president of the alifornia World's Fair, who has in- ted California mayors and county pervisors to become members of e "1939 California World's Fair dvisory Committee" planning the ening celebration.
"The response by mayors and su- ervisors has been prompt and en- usiastic," Cutler stated, "and we w have the assurance that the pre- xposition celebrations will indeed statewide, with cavalcades from ndreds of communities streaming to San Francisco the evening prior the opening of the Exposition on ebruary 18, 1939 t,o join in the onster celebrations to be staged in n Francisco and Eastbay cities."
Simultaneously with Cutler's invi- tion, Governor Frank F. Merriam sued a proclamation naming Febru- y 18 as "1939 Golden Gate Inter- tional Exposition Day" throughout e state, and urged citizens to join the gala opening of the $50,000,000 ageant of the Pacific on Treasure land.

BULLETIN

Communication today from A. ray, assistant PWA administrator Washington, D. C., advises that can give "no encouragement" for ssible allocation of funds for street provements in the southern section Daly City.

Cotton will be King for a week at e 1939 California World's Fair, xt May 22 to 27, with cotton style rades, pageantry of the Old South, d a Grand Cotton Ball on Treas- e Island.

Here's 'Rear Admiral' When 'Biscuit Shows Heels

War Admiral became "Rear Admiral" at Pimlico race tracks in Baltimore recently, when Charles Howard's Seabiscuit lead the famous eastern horse all the way in their racing classic. A hundred yards from home the 'Biscuit with Jockey Georgie Woolf in the saddle, walked away from his rival to win by four lengths before an amazed crowd of 40,000 fans. Above "magic eye" photo shows the 'Biscuit pulling away for an easy victory.

Commemorate Discovery Of Bay, County Woods At Portola Mesa Fete

To commemorate the discovery by white men of San Francisco bay and the fertile wooded lands of San Mateo County, a plaque and a cross are to be erected during a ceremony which will be conducted on Portola Mesa, the hill adjacent to San Carlos, tomorrow, November 5. It was on this hill, according to historians, that a small body of fearless explorers, led by Don Gaspar de Portola, Fr. Crespi and Sergeant Ortega, sighted San Francisco bay on November 4, 1769.

So grateful were they for the view of this glorious panorama, which they believed to be a vast lake surrounded by woods, that they knelt before a cross, then proclaimed the land before their eyes in the name of their king, Carlos the third, of Spain, naming this land San Carlos.

In 1768, Portola was sent from Spain to San Diego where he was to take charge of a land expedition that Father Junipero Serra might establish Missions and convert the natives to the Christian faith. Sergeant Ortega, the soldier guards, and Father Crespi collected natives who had already been converted to the Christian faith. Then, that fall, they proceeded to found a mission on Monterey bay, but became lost, near the present city of Hollister. They proceeded through what is now Gilroy and San Jose, Palo Alto and Woodside, camping at Crystal Springs Lakes.

The next morning, Sergeant Ortega chased a deer up a hill where he beheld what he thought to be a great lake to the east. Reporting back to Portola and Father Crespi, Ortega led the group of weary men to the hill to view San Francisco bay. They claimed the land for Carlos III, the king, naming it San Carlos.

The San Carlos chamber of commerce, seeking to re-enact the discovery, and to perpetuate its historic importance, is conducting a cross planting-ceremony at 2:30 o'clock tomorrow. It is expected that a pilgrimage of historians, native sons and descendants of early day Spanish families from all sections of California, will provide a picturesque gathering.

The city council at San Carlos and the Board of Supervisors of the County of San Mateo, have adopted resolutions, proclaiming the week of October 30 to November 5 as Portola Week, and Saturday, November 5, as San Carlos Discovery Day.

Chief Conducts Traffic Quiz

Chief E. Raymond Cato of the California Highway Patrol is conducting a traffic questionnaire in which all citizens are invited to participate. Queries on any highway or traffic problem should be sent to Chief Cato at Sacramento. Answers will be given at an early date.

Following are a few representative questions and answers:

Q—Under what conditions is an officer permitted to move a parked vehicle from a public highway? J. C. McC.

A—Section 585 of the Vehicle Code is somewhat lengthy in thoroughly covering this important subject. Briefly such action may be taken when:

1—The vehicle is parked on the improved or main portion of a highway outside of a residence or business district when it could be parked off the roadway.
2—On a highway less than 15 feet wide.
3—On a bridge or causeway or in a tunnel when traffic is interfered with.
4—A California Highway Patrol or regularly employed and salaried deputy sheriff of a county where vehicle is located or a police officer in a city may, when such vehicle is reported stolen, a warrant issued for embezzlement or when the officer has reasonable grounds to believe the vehicle has been abandoned.
5—A disabled vehicle obstructs traffic or person in charge is physically injured so as not to be able to care for the vehicle.

TURKEY WHIST

A turkey whist will be held on the eve of Thanksgiving, Wednesday, November 23, in Eagles Hall for the benefit of Our Lady of Perpetual Help Church under the auspices of the archconfraternity.

Game will start promptly at 8:30 p. m. An entertainment is to follow the whist. Mrs. M. Steele is president, Mrs. C. Michelsen, secretary, and Mrs. J. Johnson, treasurer.

Artistically House Aggregate Plant

Work is approximately 50 per cent complete on the decorative shell which is being constructed to house the Golden Gate Atlas Materials plant on Junipero Serra boulevard near School street.

All storage bins, mixing and batching equipment is to be housed in. The structure will be streamlined and finished in stucco and sheet metal. An effective color scheme is to be carried out. Surrounding grounds are to be landscaped to make the entire plant a real show place as well as a commercial unit.

Honor Candidate At Villa Dinner

Dr. Walter Scott Franklin, candidate for lieutenant governor on the Republican ticket, was guest of honor at a banquet held Thursday evening of last week at the Villa Mateo.

The noted Santa Barbara physician met with county business and professional men, educators and Republican leaders while on a statewide tour. Thursday he visited Redwood City, San Mateo and Burlingame.

Attorney J. E. McCurdy of San Mateo was toastmaster at the dinner. Speakers with Dr. Scott included Bradford M. Melvin of San Mateo, chairman of the Republican state central committee; Assemblyman Melvyn I. Cronin of San Francisco; Archie M. Closson of Lodi, former state commander of the American Legion; James Ferguson, Jefferson High school principal; Justice of the Peace W. H. Clay of Daly City; Judge R. A. Rapsey of San Bruno; Charles Wiseman of San Mateo and Glenn Baker of San Bruno.

The dinner was arranged by Joseph Sarto of Daly City and the Amloc club of Colma.

VETERANS PLAN FLAG DISPLAY FOR DALY CITY

Will Use Program Revenue For Child Welfare

Endorsement of the state-wide uniform flag displays program being conducted by the Disabled American Veterans of the World War and Edmund Parrot chapter, No. 16, D. A. V. W. W., has been announced by Twenty-sixth district and County Council of San Mateo county American Legion and county council of the Veterans of Foreign Wars of San Mateo and Santa Clara counties.

The local commander, Ed Trier, announced the following local veterans who will have charge of the program here: T. Louis Chess, Past Department Commander D. A. V. W. W. Melvyn R. Peterson, Floyd T. Tower, George Lemperopulos, Edwin L. Dickerson and others.

Net proceeds of the campaign by mandate of the D. A. V. state convention held in San Jose last June will be used, according to the commander, in extending the child welfare, employment, Americanism and hospital services of the organization in the communities where the flags are installed.

The program is under the direct supervision of Wilbur LeGettee, state chairman of the committee. The city council has endorsed the program and Mayor Paul G. Selmi has wished the veterans success in their enterprise.

GROUNDBREAKING CEREMONY FOR NEW DALY CITY HALL SET FOR TOMORROW AT 2-30

Event Will Mark Major Event For City

McGRATH TO SPEAK

Saturday afternoon, November 5, at 2:30 o'clock Daly City is to celebrate a major event in the history of this municipality—groundbreaking for the new $50,000 city hall.

Construction of the new key civic building was made possible by a successful bond election last year and an allocation from the federal government. Work is to be done under PWA supervision.

PROGRAM

The Daly City Chamber of Commerce has planned an appropriate program for the Saturday ceremonies. Congressman John J. McGrath is to be the principal speaker of the afternoon.

To start at 2:30 o'clock, the program of varied features will be interesting, lively and brief.

Daly City Band and local boy and girl scout units will participate. The public is cordially invited to attend the ceremonies.

Speakers other than Congressman McGrath will be Mayor Paul G. Selmi, A. J. Gaggero, representing Daly City Chamber of Commerce; Frank Atkinson, superintendent on the job, representing H. H. Larsen, general contractor, and J. F. Castelan, representing WPA.

Turn to page eleven for complete program.

To Open La Cuesta Highway To Traffic

With all counties in the state, from San Francisco to Los Angeles, participating, San Luis Obispo will celebrate the official opening to traffic of the new La Cuesta highway over the Santa Lucia mountains today and tomorrow, November 4 and 5.

The completion of La Cuesta and the new Solidad bridge, dedicated October 23, has shortened travel between the state's two metropolitan centers by more than half an hour and removed the last serious impediments along the Mission Trails.

In straightening La Cuesta the engineers eliminated 59 dangerous curves.

HORSESHOE COURTS OPEN FOR PLAY

The horseshoe courts on Los Banos street are now open for regular play, according to the Daly City Recreation department.

The courts, four in number, are comparable to any on the Peninsula. They are patterned after those in the city park in San Mateo. George McLeod has superintended and spent many hours of work in constructing these courts.

"Progress has only been made possible through one hundred per cent co-operation of Mayor Paul Selmi, the City Council and other city officials," said McLeod.

U. S. MARINE CORPS HAS OPENINGS

The United States Marine Corps will accept a limited number of desirable applicants during November, according to Postmaster Raymond.

Upon completion of initial training at San Diego, applicants will be eligible for duty at a foreign post or aboard a vessel of the Pacific or Asiatic fleet. A limited number will be selected for technical training in aviation, radio, motor mechanics, and in numerous other trades and professional fields.

Literature and application blanks may be obtained at the local Post Office, or by writing to the Marine Corps recruiting station, Room 46, Federal Office Building, San Francisco.

TEACHERS INSTITUTE BRINGS HOLIDAY

San Mateo County school children will be excused all day Thursday, November 10, during the annual county teachers' institute called by Miss Pansy Abbott, county superintendent.

Ordinarily the institute is conducted for three days, but under a new plan inaugurated this year by Miss Abbott, teachers may make up two-days institute credits by attending extension lectures or other alternatives.

Clipper Ships of Pan American Airways will begin operations from their new Treasure Island base at the site of the 1939 World's Fair of the West, between November 15 and December 1.

LOCAL CARNIVAL FOR HALLOWE'EN

Approximately 3,000 local residents enjoyed the gayest and most colorful hallowe'en celebration ever to be staged in Daly City, Monday evening.

Mission circle was the scene of gala street dancing, music furnished by a union orchestra. At dance intermissions, the talented pupils of Miss Rose's local academy provided special feature performances.

Each child was treated to a free cup of ice cream. Tickets had been distributed through the local schools.

Cleo Miller of the Daly City American Legion was general chairman. The city council appropriated a portion of the cost of the affair, while the Daly City Chamber of Commerce and other local organizations also assisted in defraying expenses of the party.

The local WPA Recreation department under the direction of Supervisor Hull, worked with the police and fire departments in providing a safety patrol for the children during the parade.

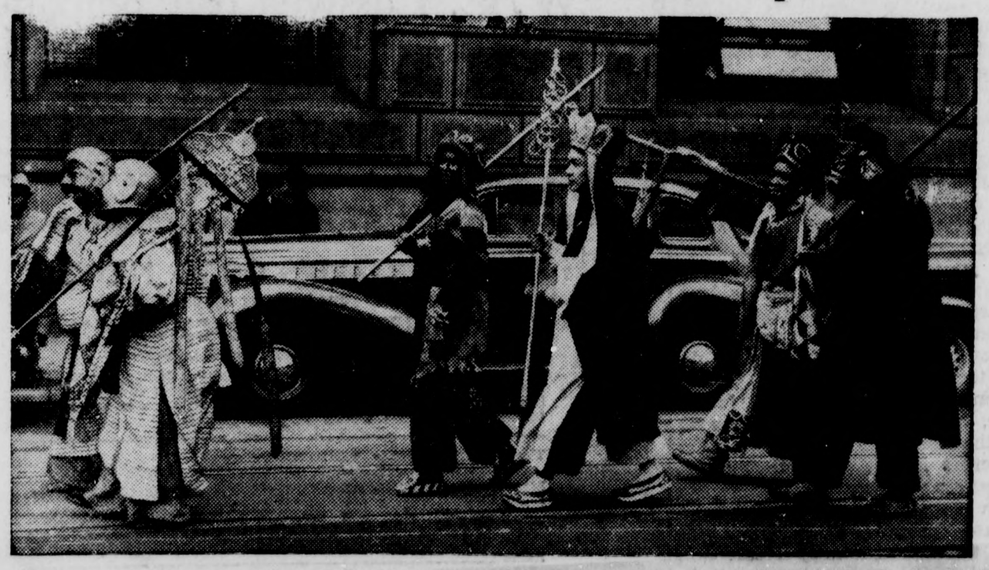

Prosperous Type Likes Peninsula

That nearly 25 per cent of present Peninsula families represent the stable, prosperous class who live on income or are retired from active business, is one of the surprising facts revealed by San Francisco Peninsula Inc.'s recent survey of Peninsula homes, according to David D. Bohannon, vice-president of the new development organization.

"This conclusion," he said, "is based on our discovery that approximately 12,500 families have no commuters and no business interests on the Peninsula. We regard this as evidence that the Peninsula is selected for their permanent home by thousands of people who, being financially independent, could choose any locality they desired, a real tribute to the climate and environment."

Bohannon also pointed out that the presence of these "income" families is an important factor in the economic stability of the Peninsula, most of them being home owners of long residence. Yet by far the majority of Peninsula families, he said, represent the great "middle class" — many of moderate income, who have found that ownership of a Peninsula home demands no greater resources than elsewhere.

Wealthy Chinese Buried in Buddhist Splendor

Grotesque figures, cymbals and Occidental bands took part in the recent funeral procession of Chin Quong, richest man in San Francisco's Chinatown. The funeral, a Buddhist ceremony, was a revival of an ancient Chinese custom which gave way to Christianity in recent years. It was the first of its kind in some 26 years. A generous food supply was taken to aid the man's spirit on its journey to Tin Tong. Photo shows some of the costumed mourners which followed the silk draped coffin. At the cemetery two wooden figurines, representing servants, were burned as the coffin was lowered.

Regular business meeting, Old Glory Auxiliary, Unit 2044, V. F. W., Theatre Hall.

PASTOR OF GRACE CHURCH REPORTS SUCCESSFUL RALLY

The church has just closed a very successful rally month according to the Reverend N. M. Lewis, local pastor.

"October was set aside as a special month of ingathering. Many new contacts were made, and we trust that all who attended at any time during the month will continue to make it their habit to attend regularly," said Pastor Lewis.

Last Sunday Dr. O. J. Nease, general secretary of the Nazarene Church Schools, was present and spoke to the sunday school. His subject was, "Why Animals Become Grown, More Quickly Than People."

BRIDGE BUILDERS

"And make straight paths for your feet, lest that which is lame be turned out of the way" (Heb. 12:13).

Bridge builders do not generally build bridges for themselves, but for other feet to cross. Untold millions may cross the bridge who neither saw the architect nor understand the beauty of the plans of the builder. All these need to do is to keep upon the highway and they will have a safe journey over chasm and stream.

On the Road of Life there are might chasms, and unfathomed pitfalls, that wait to undo the unwary traveler. Those who have crossed safely over; who have fought the fight and won, should build bridges and straighten the road over which younger and more inexperienced feet must pass, that they too may safely reach the other side.

When one is responsible for a bridge, he should be careful so to build that the countless numbers who shall cross in the years that come, may have a safe journey.

Each traveler who comes, then, may use the road, and if each will strive to keep the way clear, and will build bridges over any new obstacles that appear, there always will be a clear, straight road for travelers through Time into Eternity.

GIRL SCOUT GROUPS ATTEND PARTY

Girl Scout Troops No. 2 and No. 4 enjoyed an exciting Hallowe'en party Saturday night at a hall on Monterey boulevard. The refreshments committee, under the direction of Maren Nelson and her patrol, served delicious refreshments. Nadine Bledsoe and her patrol were in charge of the games.

At the next meeting of the groups, Saturday night, work will be started to obtain a scout house for the girl scouts in Daly City. Patrol leaders will receive their Christmas cards. There will be a close race to see who will be awarded the subscription to the "American Girl."

San Joaquin Valley is providing good sport for duck hunters, according to the Stockton Office of the National Automobile Club. Ducks are reported plentiful near Gustino, Newman and Los Banos.

Features and Editorials

Christian Science Lesson Sermon

CHRISTIAN SCIENCE CHURCHES

"He that is of the earth is earthly, and speaketh of the earth: he that cometh from heaven is above all." These words from John comprise the Golden Text to be used Sunday, November 6, in all Churches of Christ, Scientist, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

The subject of the Lesson-Sermon will be "Adam and Fallen Man." Included among the Scriptural selections will be: "And the Lord God said, Behold, the man is become as one of us, to know good and evil: and now, lest he put forth his hand, and take also of the tree of life, and eat, and live for ever: Therefore the Lord God sent him forth from the garden of Eden, to till the ground from whence he was taken" (Gen 3: 22, 23).

The following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, will also be included: "No one can reasonably doubt that the purpose of this allegory — this second account in Genesis — is to depict the falsity of error and the effects of error. . . . Truth should, and does, drive error out of all selfhood. Truth is a two-edged sword, guarding and guiding. Truth places the cherub wisdom at the gate of understanding to note the proper guests. Radiant with mercy and justice, the sword of Truth gleams afar and indicates the infinite distance between Truth and error, between the material and spiritual, — the unreal and the real" (pp. 537, 538).

ELECT COUNTY MAN

Keith Cobo of the Bayshore Motel staff, Burlingame, was elected secretary-treasurer of the United Motor Courts, Inc. at a recent convention of the group held at Garberville. United Motor Courts is a co-operative association of some 150 independently owned motor courts throughout the western states.

The American bison and the American citizen have exchanged population figures in three centuries. When there were a few thousand white men, there were 125,000,000 bison. Today the figures are reversed.

Artists To Hear Unique Color Organ

Painters of all schools, especially the modernist will be keenly interested in the clavilux or color organ which will be played in the Veteran's Auditorium on Tuesday evening, November 8 and Wednesday afternoon, November 9 under the auspices of the San Francisco Museum of Art by its originator the artist-craftsman Thomas Wilfred, pioneer in the use of light as a fine art.

The clavilux has placed light in form, color and motion under the control of an artist seated at its keyboard from which he can project on a large screen an endless variety of silent visual compositions.

From Fair To Fair In Twelve Hours

New Yorkers will be able to fly to the Golden Gate International Exposition in 12 hours, if plans of TWA officials are carried out.

The Airline has ordered six 33-passenger, four motored Boeing Transports, all "overweather" ships capable of flying in the substratosphere, and expects to put them into operation on transcontinental flights from San Francisco and Oakland, Calif., by the time the World's Fair opens February 18 of next year.

The first of these giant ships arrived in the Bay Region November 1, J. B. Walker, vice-president of TWA, announced. Almost twice the size of the present airliners now in operation, the new Boeings will have a cruising speed of 240 miles per hour and will carry enough gasoline for a non-stop flight across the continent.

BIRTHDAY PARTY

Mrs. E. Cuneo of Mission street entertained at a birthday party Sunday evening at her home honoring her husband.

Those who enjoyed the evening were Mayor and Mrs. Paul Selmi and sons Richard and Bruce, Mrs. Zaira Selmi, Lloyd Selmi, Miss Aileen Coleman, Mr. and Mrs. Henry Daphkis and children Henry Jr. and Jean, Mr. and Mrs. Al O'Connor and children Al and Maureen, Mr. and Mrs. John Cuneo, Corinne and Jackie Cuneo.

HENRY WARSHAWSKI
Thinks that by this time you folks
MUST KNOW IT!
KNOW WHAT?
Why, that he carries nearly everything, and you know this too:
That he's in a bigger and better store on the same spot.

Brothers Gain Unique Record

For the fourth time in the history of the California Bar, brothers were admitted to practice at the same time when George and Charles Loring of Highland, San Bernardino County, this week stood side by side before the Supreme Court to take their oath as attorneys.

The two brothers, who had never previously attended school together, entered Hastings Law College, a branch of the University of California, in 1935, graduated May of this year and passed the September examination given by the Board of Bar Examiners. A search of the State Bar Association records disclosed that it has been many years since brothers have graduated and passed the examination at the same time, and that on only three other occasions have they been admitted to practice together.

Use the special socket provided for that purpose when removing a spark plug, advises L. G. Evans, general service manager of the National Automobile Club. Many otherwise good plugs reach the junk pile because of being removed by the wrong tool. A pair of pliers, or any other kind of wrench than the socket type, is likely to slip and break the porcelain of the plug. The only remedy, in such a case, is a new plug.

BAY AREA AUTO SHOW TO OPEN NOVEMBER 11

Rudy Vallee and Troupe Will Be Featured Attraction

The greatest automobile show that ever been offered the Bay Area toring public is promised local s by the officers of the Motor Car alers Association, sponsors of the ibit which opens at the San Fran- o Civic Auditorium on November for an eight day run.

Especially enthusiastic over the tured attraction, Rudy Vallee and troupe of fifty entertainers, sing- and musicians, is Jack French, dge and Plymouth distributor and irman of the show committee.

I am confident that the public l flock to the auditorium to see l hear Rudy Vallee, for this will his first personal appearance in Francisco," said French. "But m not sure that the people will lize that in addition to the Vallee raction, which incidentally is cost- the dealers a record sum of ney, they will see the finest motor ibits that the local dealers have r offered.

This will be the first streamlined w—nearly every car in almost ry exhibit will reflect in its 1939 ly designs the effect of new eamlining," continued French. rthermore, the prices on the great jority of these new and beautiful dels will be decidedly lower than y have ever been before.

In other words, the automobile nufacturers in their effort to have automobile industry lead the na- back to better times has done at many have thought was im- sible. They have improved de- ns, added luxurious appointments refinements and lowered prices hout reducing wages or salaries. The Civic Auditorium Auto Show l afford the public their first only opportunity this year to pect all the new models of the tor industry at the same time and the same floor. We believe that n without a feature entertain- nt attraction this year's auto show uld draw huge crowds. We are fident that with Vallee on the ge this year's show will be one the greatest from the attendance ndpoint that the industry has ever joyed here."

MONTEREY HIGHWAY

Work has started on the unfinished rtion of the Monterey Highway, orts the San Jose Office of the tional Automobile Club. The west e has been widened and complet- The old highway on the east side being sacrificed and graded. Work ll progress normally now until mpleted. Completion of the sec- n of the new highway will see end to construction as all other rts of the highway from Coyote the Llagas Creek, 2 miles south, e complete. Crews are putting the ishing touches on the new bridge ross the Llagas.

Double and careless parking saves time and is the cause of many idents, the Safety Department of e National Automobile Club re-

Hancock Emblem Taken From History

Few people know it, but the rooster emblem so familiar to thousands of motorists as the trademark of Hancock Gasoline and Motor oils, is definitely linked up with one of our nation's most important historical events — the Declaration of Independence, according to Mr. Newcomb Taylor, manager for Hancock Oil Company of this section.

"The man who founded the Hancock Oil Company of California but little more than a decade ago," states Mr. Taylor, "is a direct descendant of that John Hancock of Revolutionary fame, who was the first to sign his name to our Declaration of Independence; and the present Hancock Company rooster trademark was suggested by a similar figure on the crest of the Hancock family. The "Cock o' the Walk" slogan of Hancock Products was derived from the rooster trademark, and aptly describes the superior qualities of, and serves as additional identification for, the comprehensive line of Hancock products for motorists — Hancock Gasoline, Motor Oils and Lubricants.

"From a very modest beginning such a short time ago, to one of the leading oil companies in the West is, in brief, the history of the Hancock Oil Company of California. Starting in a small way with a business which centered chiefly around its point of origin — Long Beach, California — the operations of this organization are now state wide, with distribution in Oregon and Washington, and even affect international trade through the shipment of petroleum products to various parts of the world. The remarkable growth and success of the company, in such a short period of time, is a tribute both to the excellence of its products, and able and sound management by its executives, most of whom have been with the organization since its inception.

FOREIGN MOTORISTS VISIT CALIFORNIA

California, in the last few months, has attracted motoring visitors from 27 far-flung points of the globe, Ray Ingels, director of Motor Vehicles, said this week in his report at the monthly meeting of the governor's executive council

The automobiles from visiting countries included South Africa, Arabia, Bahama Islands, Central America, China, England, Alaska, Australia, Canada, Chile, Cuba, France, Guam, Holland, Jamaica, Java, Philippine Islands, South America, Switzerland, Hawaii, India, Japan, Mexico, Panama, and Puerto Rico.

The check was made through the non-resident permits issued by the Division of Registration of the Department of Motor Vehicles

When the engine sputters, misses, then picks up after it has been warmed, L. G. Evans, general service manager of the National Automobile Club suggests the motorist look first for water in the fuel line.

STRESS STYLE IN NEW 1939 STUDEBAKERS

Major Mechanical Improvements Made

In the Studebaker for 1939 style is the dominant factor, achieved through pleasing modification of the exterior lines and more luxurious interiors. Three major mechanical improvements have been made.

A full line of new cars is now on display at the local showrooms, 6806 Mission street, of William J. Sweeney, local Studebaker distributor.

As last year, Studebaker is again building two lines of cars—the State President and the Commander. The Commander is powered with a 90-horsepower six cylinder motor, while the larger President eight has 110 horsepower.

4 BODY STYLES

Four body styles are available in both the President and Commander. There are four-door sedans, club sedans, coupes and convertibles. Prices are slightly lower than last year's models.

In appearance, Studebaker engineers worked with Raymond Loewy, famous industrial designer, and have again achieved a car that has the look of being made for traveling—for going places. Authorities who have viewed the 1939 Studebaker agree that, here, design for efficiency and popular styling have found common ground.

The Studebaker front end appearance immediately suggests streamlined efficiency. There is a narrowing hood that comes to a gracefully curved streamlined front. Between the headlamps, which are embedded in the fenders, are chromium grids for the admittance of air to the efficient low-area cooling system and the metal between the hood and the fenders flows in symmetrical lines back to the widening body.

LADIES AUXILIARY STATION NO. 4 MEET

The Ladies Auxiliary of Station No. 4, D. C. F. D., met Tuesday evening at the home of the secretary, Mrs. Grace L. Augustien on Evergreen avenue.

After an interesting business meeting a social evening was enjoyed. Refreshments were served. Orange, yellow and brown crepe paper and miniature turkies decorated the table.

Those present were Mesdames Theresa Vireno, Flora Foppiano, Laura Coleman, Eleanor Davis, Agnes Bodien, Maynard Chesney, May Doyle, Henrietta Mather and Florence Sundstrom.

Chevrolet Features Many Innovations

Mechanical innovations ushering in brand-new concepts of safety, comfort and operating ease unite with a host of time-tried Chevrolet fundamentals, many of which are further refined for 1939, in the two completely re-styled series which the industry's leader presented October 22.

The cars look longer and lower, due to re-location of the appearance mass below the belt lint. Advanced streamlining, kept well within the bounds of good taste, charaterizes their Aero-Stream steel bodies by Fisher, and is especially apparent in the new sheet metal treatment which plays a major part in the sleek overall effect.

The two series are designed as the Master De Luxe and the Master 85. They are identical as to power plant, and, except for suspension and gear ratio, as to chassis as well. The Master De Luxe features completely re-designed independent front suspension, and the Master 85 remains conventional; but both springing systems have undergone sweeping revision, resulting in a smoother ride, greater roadability and more positive control. Steering has been made much easier throughout both lines.

An improvement destined to take first rank among advances in the industry this year—the gearshift steering column control—is optional on both Chevrolet series at small extra cost. Chevrolet engineers, however have gone a long step beyond mere re-location of a hand-actuated gearshiftlever, and have perfected a positive vacuum-operated gear-shift mechanism. A flick of a finger, without removal of the hand from the steering wheel, now performs all the operations possible with the conventional gear-shift lever. Removal of the latter from the floor clears the driving compartment completely, leaving ample room for three persons in the front seat. The handbrake lever on all models, with and without vacuum gear-shift, is removed to a convenient location at the driver's left, under the cowl.

The Chevrolet is shown locally at the display rooms of the Belli Motor Company, M. J. Soldavini, manager.

New Fords On Display

In the most dramatic new model presentation of the current season, Ford last week presented to Northern California dealers and news men assembled in the rotunda of the recently completed Ford Building on Treasure Island, the site of the Golden Gate International Exposition, the new 1939 Ford V-8 model and the new Mercury V-8. On display also were the Lincoln-Zephyr V-12 and the Lincoln motor cars.

Presiding over this unique presentation was C. A. Bullwinkel, manager of the Richmond Branch of the Ford Motor Company. Almost a thousand men, the largest crowd to attend any of the San Francisco new model presentations to date this year, listened intently to the remarks of C. A. Bullwinkel as he told of advertising and sales plans for the coming year, emphasized the fact that Ford was now presenting a complete family of cars ranging from the low priced Ford V-8, through the de luxe Ford V-8, the Lincoln-Zephyr V-12 and the Lincoln.

This line of cars affords the Ford dealer organization a car in every price field and the Ford dealer now becomes the headquarters for transportation and caters to the needs of customers in all price classes. Local agency is the National Auto Company, A. J. Bertini, manager.

DANCING KIDDIES ENTERTAIN AT RALLY

Pupils of the Miss Rose Dance Studio entertained a large audience at a democratic rally in the Portola Hall, San Bruno avenue, on Thursday evening of last week.

The dancers who performed were Dorothy Langensand, Mary Lou Montana, Carley Carle, Helen Hankerson, Jim Rasor, Lorin Tsagalakis, Patsy Pappas, John Hopman, Violet and Ruth Sanderson, Phoebe Remington, Elenore Benedetti, Anna Marie Domecus and Patsy Hoffling.

Protect Free Speech! Vote "NO" on Proposition No. 1. —Adv.

New De Soto Has Lustrous Finish

"Durasheen," a new type enamel that provides cars with a highly lustrous finish more durable than ever before, is used on the 1939 De Soto, according to the De Soto Division of Chrysler Corporation.

Bringing an entirely new kind of finish to modern motor cars, "Durasheen" represents one of many important innovations incorporated in the new De Soto, factory officials state.

"For years auto manufacturers have been trying to develop a highly lustrous car finish that would hold its lustre better under all sorts of driving condition," L. I. Woolson, De Soto's chief engineer, says. "With 'Durasheen' we have accomplished this and thrown in several added advantages besides.

"Not only does 'Durasheen' give a finish of high lustre and great durability, it provides a finish that is extremely uniform, bumper to bumper. This means that the entire car will have an even sheen, eliminating the dull patches of color often found on automobiles in the past.

"'Durasheen' also has a better humidity resistance. It is more capable of withstanding hot sunlight and high humidity."

KNIT AND STITCH CLUB MEETS

The Knit and Stitch Club met at the home of Mrs. Dolly Roberts on Winchester street Wednesday evening of last week. Sixteen members were present.

Final arrangements were made for the monster whist party to be held this evening, November 4, at Masonic Hall for the benefit of Boy Scout Troop No. 149. There will be valuable prizes for the winners of the whist.

Holder of the lucky ticket will be awarded a beautiful hand made quilt.

NAME NOS 3, 4 AS SAFEGUARD TO TAX FUNDS

Prominent Engineer Says Measures Will Stop Diversion

Protection of an investment of half a billion dollars in highways by California taxpayers is the aim of Propositions 3 and 4, the Anti Gas Tax Diversion Amendment and Highway and Traffic Safety Commission measure on the state ballot, it was declared in a statement today by H. J. Brunnier of San Francisco, prominent structural engineer, civic leader, and chairman of the Committee for 3 and 4.

"There is protection for highways in Proposition 3 because it forbids diversion of highway funds to non-highway uses," Brunnier's statement said. "Proposition 4 supplements Proposition 3 by providing these funds, so safeguarded, with an efficient administrative plan.

"Proposition 4 is equally worthy of a "Yes" vote. California's highway and traffic safety administrative setup needs to be brought up to date. The State Highway Commission meets only once a month, its membership has been changed 27 times in 28 years, it operates through traffic units that are not even in its own department.

"Proposition 4 will correct all this, placing these functions of state government under a full time Highway and Traffic Safety Commission. Adoption of Proposition 4 will mean long-range planning and efficient, economical operation of California highway affairs.

"Neither proposition involves more taxes or more departments."

Treasure-Island, 400-acre site of the 1939 Golden Gate International Exposition, may be reached by private auto, bus or ferry boat, from either side of San Francisco Bay.

Keep California American! Vote "NO" on Proposition No. 1. —Adv.

County Engineer Qualifications

In a recent interview U. S. Marshall, San Mateo County engineer, briefly explained his qualifications for the office.

"I was appointed to the office of County Engineer November, 1935, for a four-year term.

"Due to change in the charter, the office now becomes elective.

"I was recommended to the office by Mr. C. H. Purcell, State Highway Engineer, and Dr. L. I. Hewes, Regional Engineer, U. S. Bureau of Public Roads. I have worked with both of these men for many years.

"I have held the office of County Engineer for two and two-thirds years. During this period a very effective program of improvements has been carried on.

"I give my full time to my office. I am not connected with any engineering or contracting firm.

PERSONAL QUALIFICATIONS

"Resident of California 30 years.

"Graduated Civil Engineer, University of Missouri.

"Certified to the position of District Engineer, California Highway Commission as result of Civil Service Examination.

"Certified and appointed to position of Senior Highway Engineer, U. S. Bureau of Public Roads.

"Besides this highway experience, I have designed and constructed sanitary sewer systems for the towns of Roseville, Colfax and Dixon, and water systems for Montague and Roseville.

"Initiated and brought to final construction the reclamation of the 82,000-acre Sutter Basin Project.

"Served as Resident Engineer, California Highway Commission on construction of Yolo Causeway and State Highways in Yolo County.

"Consulting Engineer for Contractors on construction of San Gabriel Dam No. 2, Los Angeles County, and numerous other engineering projects in California.

"Was elected a Member of the American Society of Civil Engineers in 1923."

The "talking tooth" will tell the story of decay of molars and bicuspids in the Hall of Science at the 1939 California World's Fair.

Alcatraz Pair Go On Trial

Rufus Franklin and James C. Lucas

Rufus Franklin (left) and James C. Lucas, Alcatraz prisoners, who are pictured as they entered the federal court in San Francisco, to be tried for the murder of Guard Royal C. Cline. The guard was bludgeoned during an attempted escape from Uncle Sam's "Devil's Island" in San Francisco Bay. Lucas, according to his attorneys, is insane, irresponsible and, they assert, his unbroken silence since August 4 is indication, if not proof, of his unbalanced mind.

Largest flying boats in the world, the new Boeing 72-passenger Clipper ships, which are military Flying Fortresses equipped as a commercial plane, will be on exhibit at the 1939 California World's Fair.

$30 Warrants Won't Buy Transportation

California's railroads this week joined with banks and business establishments in refusing to accept Thirty-Thursday warrants should proposition 25 on the November 8th ballot carry.

In a joint statement to the Citizens' Federation, the railroads announced:

"In response to your inquiry as to whether under the proposed thirty dollar a week retirement plan the railroads of California will accept the warrants to be issued thereunder in payment of transportation charges, you are authorized to state that the Atchison, Topeka and Santa Fe Railway, Union Pacific Railroad Company, the Western Pacific Railroad Company, and the Southern Pacific Company can accept only lawful money of the United States of America in payment of transportation charges which under their tariffs they are required to collect from their patrons. Therefore, we could not accept such warrants in payment of transportation charges."

Hallowe'en Party For Pershing Pupils

General Pershing P. T. A. entertained the children of the school Monday afternoon at a Hallowe'en party. Games were played and prizes given for the best costumes. Each child was presented with a bag of candy. Mrs. Eva Carnevale was chairman of this affair.

The regular P. T. A. meeting was held Tuesday evening at the school.

After a business meeting an interesting program was presented.

Speakers were George V. White of San Mateo, a member of the District Fathers Forum, and G. Carl Weller, superintendent of the South San Francisco High School.

George R. Augustien, chairman of the Jefferson Elementary School District Board of Trustees gave a talk on the activities of the schoo board.

After the meeting tasty refresh ments were served.

An afternoon whist party that ha been scheduled for Friday, Noven ber 4, has been postponed unt Wednesday, November 30, with Mr Marge Woodside as chairman.

The school cafeteria will o p e Monday of next week to serve lunc to school children for 10 cents.

The toy symphony and harmonic class under supervision of the WP of San Mateo County is being cor ducted every Monday afternoon fro 3 to 4 o'clock at General Pershin School. Approximately sixty-fiv children are attending.

The sewing and study circles me Wednesday afternoon at 1:30 o'cloc at the home of Mrs. John Calvin o Partridge lane to listen to the fourt radio lecture of a series given by D Gertrude Laws over station KFRC.

CAN YOU EXPLAIN ?

A FINAL CHALLENGE TO J. J. (I'M PROUD TO BE A "YES-MAN") McGRATH

WHY you haven't answered the pertinent questions the voters of the 8th District asked you? After all, you know, they have paid your $10,000-a-year salary!

SPECIFICALLY—

WHY you twice "rubber stamped" political administration of relief, and NOW refuse to endorse non-partisan administration of relief?

WHY you voted to tax everybody else's earnings and to exempt your own $10,000-a-year salary?

WHY you call your record "the greatest in 50 years"—a record of 26 bills, none of which passed; a record of "rubber stamping" expenditures so high that this district's share of the taxes and debt approximates $125,000,000?

WHY you "rubber stamped" the Supreme Court packing proposal and the Government Reorganization Bill in opposition to wishes of the district?

Can It Be That You CAN'T Explain?
The answer is, for real representation—

Elect

Higher Taxes
And
Higher Rent

Taxes and Rents go hand in hand
HIGH TAXES MEAN HIGH RENTS

The Single Tax measure, No. 20 on your ballot, if adopted means an increase in taxes of 200 to 300 per cent.

You who own property will make the direct payments. You who rent will have the increase handed on to you. You will pay higher rent without any promise of any increase in your income to meet the higher rent bill.

Owners of houses now rented will have no choice except to raise rents in order to meet Additional Taxes on Land.

Whether you are a home owner or a renter or a roomer it is to your interest to defeat "Proposition No. 20" on the ballot on Election Day.

Do You Want To Pay More Taxes?

San Mateo County's average Tax Rate inside the Cities, for the County, the Schools and other Districts is ..... $ 3.85 per $100
If "Proposition No. 20," now on the State Ticket is adopted, the Tax Rate will be ..... $11.84 per $100
Outside the Cities the Present Rate averages ..... $ 2.58 per $100
If "Proposition No. 20" is adopted the Rate will be ..... $ 8.06 per $100

How Do You Like This Prospect?

In the entire State "Proposition No. 20" will abolish revenue of about $260,000,000 annually—$100,000,000 from the Sales Tax and $160,000,000 from Taxes on Improvements on Land. Home and Land Owners and renters will have to make that good, somehow.

San Francisco News Squarely Against No. 20

The San Francisco "News" has never been accused of taking up the cause of the big taxpayers or landowners.

The San Francisco "News" of Wednesday, October 26th, came out squarely against "Proposition No. 20," editorially saying, in part:

AS FOR SINGLE TAX

"Proposition No. 20" repeals the sales tax and provides a progressive repeal of most other taxes in favor of a single tax on land until the State would, within 10 years, take in taxes what we now pay in rent.

"In other words, it socializes land. And so it is a revolutionary measure.

"If we wish to socialize land and have a revolution, let's put that clearly stated proposal up to the people and see what they would say.

"Adoption of No. 20 would throw California's state welfare and relief program into chaos, reshuffle economic values in the most serious way, and place the economy of the state under a strain that it could not stand at this time.

"Some day, when the people are not so distracted and all of us feel more secure, let's have another debate on the subject.

. . . "the sole hope of the proponents of No. 20 is that thoughtless people will vote "Yes" because it is labeled a sales-tax repeal measure.

"We Recommend To Our Readers That They Vote 'NO' on No. 20"

THE ANTI-SINGLE TAX ASSOCIATION OF SAN MATEO COUNTY

HENRY WITTE, President — S. D. MERK, Treasurer — WINFIELD SCOTT, Secretary-Treasurer

True Drama of Motherhood Presented for First Time

WIDELY ACCLAIMED FILM TREATS BIRTH WITH REVERENCE

Takes Expectant Mother Through Pregnancy To Delivery Of Child

"The Birth of a Baby," which will open at the Daly City Theater, October 8-9-10th dramatizes the social, pschological and physiological adjustments of a young couple about to have a child. It carries the expectant mother through the various stages of her pregnancy, through her consultations with her physician and nurse, and through the actual delivery of her baby.

Presenting for the first time through the medium of the motion picture the drama of motherhood, the picture is handled with such delicacy that without being reticent in the old-fashioned manner, it is still in good taste.

Reviewers have exclaimed over the high moment, when the actual beat of the unborn baby's heart is heard. Sound technicians secured this phenomenon by placing the ear-pieces of a stethoscope close to the microphone. The tiny heart-beats came through distinctly on the track.

"The Birth of a Baby" has been widely acclaimed by the medical profession, with doctors from the Pacific to the Atlantic viewing it at special showings and many of them writing enthusiastic letters to the American Committee on Maternal Welfare, Inc.

Scientific Auspices

It was under the auspices of this non-profit, scientific body that the film was made, the Committee being composed of representatives of leading educational and medical groups, such as the American College of Surgeons, American Gynecological Society, American Hospital Association, Children's Bureau—U S. Dept. of Labor, U. S. Public Health Service.

The entire project is part of the current fight for proper health and medical information, not only for the adults of the nation, but for the maturing boys and girls in our schools and homes.

The medical profession civic leaders and social agencies, especially, are backing it because each year 15,000 women die in childbirth in this country, and 75,000 babies never live to enjoy the warm affection of those who have brought them into the world. The maternal mortality in the U. S. is higher than necessary in any civilized country, and it is this blot against the public health record of this country that the nation's doctors are determined to remove.

Childbirth Toll

They point out that in the last twenty-five years more mothers have died in childbirth than were lost in all wars in which this country has engaged. During this period, maternal mortality has taken a toll of 375,000 women.

"The Birth of a Baby" had its world premier in Minneapolis, after Twin City doctors, their wives, nurses and medical students had seen it at the University of Minnesota, and had voted, 1955 to 40, that the film was suitable for public showing.

Mayor George E. Leach of Minneapolis has heartily approved the picture and has publicly stated: "I believe the divorces in this country would be cut in half if all husbands were required to share at least some of the mental anguish and tribulations of childbirth."

Art Softens Nature

A professional Broadway cast appears in "The Birth of a Baby," which was directed by A. E. Christie and produced by Jack Skirball for The American Committee on Maternal Welfare, Inc. Such a cast was used, rather than a bona-fide wife, husband, doctor, and so on, because it was recognized that art could soften nature.

But it was also necessary that the birth scenes be shot with the utmost care; here there could be no stand-in for the real mother or the real baby. For that reason, the delivery was filmed under expert supervision in a leading maternity hospital.

A WISE MOTHER EXPLAINS THE TRUTH

Helen Hawley feelingly instructs her daughter and her daughter-in-law in the life of womanhood before them. A significant scene from the modern drama, "The Birth Of A Baby," which is to be presented at the Daly City Theater.

COMPLIMENT STATE ON SAFETY RECORD

California's Department of Motor Vehicles and State Highway Patrol are both to be congratulated for their fine work in bringing about the first reduction in automobile accidents that California has experienced, according to the Safety Department of the National Automobile Club. This year, California shows a drop of 13 per cent in traffic fatalities as compared wtih last year. This decrease is the result of the activities of these departments, which should be maintained in their present efficient set-up.

TO GIVE SPECIAL SCHOOL CONCERT

Under the sponsorship of the San Francisco Parent Teachers Association and the San Francisco Board of Education, the Federal Music Project of the Works Progress Administration will present "A Special School Concert" in Dreamland Auditorium, tomorrow morning, November 5th at 10:30 o'clock.

The famous Radio Master of Ceremonies, "Uncle" Benny Walker will introduce Leslie Hodge on this occasion and otherwise make the children feel at home, impressing upon them what a concert of this nature actually means for the advancement of musical knowledge among the young people of San Francisco.

In proportion to size, the humming bird has a larger brain than man; the bird's constitutes 112 of its body, whereas man's is only 1-35.

SLIPPERY PAVEMENTS

With the approach of winter and expected rains, the Safety Department of the National Automobile Club advises motorists to replace smooth tires with new and to be conscious of the additional hazards when driving upon wet or slippery roads. Slippery pavements are only as safe as the motorist who drives upon them. The forty-five mile speed limit does not mean that a motorist may drive at this speed at all times but that he shall not drive at a speed greater than is reasonable or prudent, having due regard for traffic conditions, surface and width of the highway.

Visitors to the Army Air Repair Depot just beyond North Sacramento, are now permitted on sight seeing trips on Saturdays and Sundays and then only by special permit, reports the Sacramento Office of the National Automobile Club.

SECURITY BOARD ISSUES WARNING

The federal social security board announced today that it has not authorized or sanctioned the manufacture or distribution of small metal plates carrying the social security account number and the name of the person to whom the account had been issued.

The board's statement followed reports from several of its field representatives that various devices of metal or other material carrying the information on the account number card had appeared on the market.

A warning was also issued that errors in reproducing the name or account number would confuse the worker's wage record which is the basis for computing his monthly annuity at the age of 65 or for making a settlement in case the worker dies before attaining 65 or reaches that age without qualifying for the annuity.

THE CHURCHMAN, NEW YORK CITY, APRIL 15, 1938

The Birth of a Baby

One of the most enheartening events in a world which seems bent on returning speedily to the dark ages is the filming and release of the motion picture, **The Birth of a Baby** and the insight and courage of a popular magazine, "Life," in reproducing several pages of pictures from the film. Perhaps we ought to be disturbed by the action of several cities in banning the magazine and of various authorities in opposing the release of the film in their sections of the country. But the very making of the film offsets the clamors of the morons. It takes the human race a long time to grow up mentally. It is a strange fact that there are literally millions of people in the world who have only the haziest conception of how they were born into that world.

We have not forgotten the long fight, so recently won, against any public reference to syphilis, or the long battle for birth control. Sooner or later intelligence wins against bigotry, and we predict that **The Birth of a Baby,** in spite of opposition by filthy minds, who can never believe that most people are clean-minded, will accomplish for humanity one of the most constructive services in the history of civilization

The film, widely acclaimed by the medical profession and made under the auspices of leading scientific societies and public welfare organizations, including the United States Public Health Service, the Children's Bureau, the American College of Surgeons and the American Gynecological Society, dramatizes the psychological, social and physiological adjustments of a young couple about to have a child, the mother's consultations with her physician and nurse and the actual delivery of the baby. The story is filmed with that professional restraint, intelligence and good taste which one would expect from the careful medical supervision under which it was made.

Let us remember that in the past twenty-five years maternal mortality has reached in the United States the staggering figure of 375,000.

What all parents want their children to know, but few know how to tell them.

Not once in a year, not once in a decade; but now for the first time in human history—the complete picture of human life.

Behold the breathless wonder of life coming into the world.

You'll stand in awe-struck reverence before the dawn of a new life.

"Should be broadcast far and wide . . . Handled with amazing intelligence and taste."—The Nation.

"One of the greatest pictures America will ever see."—Vincent C. Carlin, "The Advocate," Official Newspaper of the Knights of Columbus of the State of Ohio.

"The sex theme without sentimentality or prudery, and with the utmost delicacy and reverence."—Information Service, Federal Council of the Churches of Christ in America.

"I think it is a very good educational film for young people who are going to get married and for mothers."—Eleanor Roosevelt.

"The story of life itself, with enthralling interest . . . Sensational, yes, but is not birth the essence of sensation?"—Cincinnati Times-Star.

"Frank presentation of entire history of a case, very delicately handled. Attend as a family unit."—Better Films Bulletin, Council of Religious Education, Lincoln, Neb.

"Dramatizes, without sensationalizing, the amazing biologic process of motherhood."—Dorothy Dunbar Bromley, New York World-Telegram.

NO RAISE IN PRICES

Republican

Frank F. Merriam,

who seeks reelection to the governorship of California.

By buying at home you stimulate the progress of your community.

Last Call

For Your Vote

Since September, we have been appealing to you, the voters, to defeat proposition 20, the single tax, at the November 8th election.

We have told you of its many evils. To refresh your memory, here is what it threatens to do:

Close Schools
Take Homes
End Relief
Panic Business
Increase Prices
Lower Wages
Add Unemployment
Endanger Savings
Halt Government

We can make these statements for history of past attempts to make land carry the entire burden has resulted in all these things happening.

Don't be misled by the sales tax repeal disguise of this measure. It is not a sales tax repeal initiative alone for a single tax . . . the most destructive tax ever devised . . . would be substituted. You don't want that.

Vote NO on 20

Statewide Council Against Single Tax

League Supports Proposition No. 8

Richard Graves, executive secretary of the League of California Municipalities, this week made the following statement in regard to Proposition No. 8 on the November ballot:

"The major objection thus far advanced to Proposition No. 8 arises out of a misunderstanding of the facts.

In a number of cases it has been stated that the adoption of Proposition No. 8 would result in pressure being put on the Legisture by large cities or counties for special consideration of their problems, and for special appropriations of state funds to them.

No. 8 adds one sentence to Section 31 of Article IV of the Constitution to the effect that 'The Legislature shall have power by general and uniform laws to provide for the apportionment of funds out of the state treasury for county, city and county, city or other municipal purposes.'

The use of the words, 'by general and uniform laws,' was done advisedly for the reason that this identical language is used in Sections 3, 5 and 14 of Article XI.

The unquestioned effect of this language would be to prevent the Legislature from giving special consideration to any city or county, or group of cities or counties. In the event that the Legislature should determine that some share of state revenue should be returned to the local governments to make possible a reduction of property taxes, it would be absolutely necessary for the Legislature to provide for the allocation of these funds to all cities or all counties on exactly the same basis."

TEACHERS ASSN CONDEMNS TWO PROPOSITIONS

Group Works For Defeat For Amendments Nos. 20, 25

Dr. Elmer H. Staffelbach, director of research for the California Teachers Association, with a membership of 37,000, in a statement made this week urged defeat of the "Single Tax" amendment, No. 20 on the November 8 ballot.

In his statement Dr. Staffelbach, noted economist, said:

"The proposal to establish a single tax on land constitutes a direct threat to private ownership of land. The present average tax on property is somewhat over $4 per $100 of valuation. A single tax would increase this rate to something like $12. All marginal and sub-marginal land would revert to the State. Taxes on remaining privately owned land would rapidly rise. Within a short period of time ownership of land—even of homes—would be impossible."

OPPOSE NO. 25

At the same time, Alfred E. Lentz, legal advisor to the California Teachers Association, issued a statement urging defeat of Amendment 25 on the November 8 ballot, the so-called "Ham and Eggs" plan

Lentz said in part:

"If this proposal, No. 25 on the ballot, becomes a law, all public employees would, shortly after the act takes effect, receive script in lieu of their entire salaries, and because no one is compelled to accept script from them except public agencies, the public employees, including all teachers, will be the possessors of nothing except questionable script.

"Not alone will school districts be unable to pay salaries but they will be unable to purchase supplies, equipment, housing facilities or anything else necessary for the maintenance of the public schools"

Bancroft Campaign Gains Momentum

On a keynote sounded by Hiram W. Johnson, the campaign of Philip Bancroft for United States Senator this week reached a peak.

At a conference in San Francisco, Senator Johnson, traditional leader of progressive forces in state and nation, congratulated Bancroft on his campaign against Sheridan Downey, the "Ham and Eggs" man.

Edward Rainey, Northern California manager, predicted Bancroft would carry the north overwhelmingly and would sweep on through southern California to victory.

A significant symptom of the Democratic swing to Bancroft was the prediction by Thomas M. Storke of his election. Storke, Santa Barbara publisher, is one of the California Democratic leaders to whom President Roosevelt looks for advice. In his newspaper, the Santa Barbara News-Press, Storke said:

"Today the election of Philip Bancroft as California's next United States Senator seems assured."

From William D. Hadeler, president of the Alliance of Retail Trade Associations, came a statement of the independent merchant's position. He announced that associations representing 20,000 Northern California merchants had endorsed Bancroft.

New labor support came from Arthur D. Ferguson, former labor mayor of Sacramento and state secretary of the A. F. of L. Association of Plumbers and Steamfitters.

Cite No. 2 As Threat To Health

Definite opposition to any law which would restrict animal research has been expressed by General John J. Pershing, Commander of the Armies of the United States in the World War. Permission to use a statement of his views on the subject has been given by General Pershing to the California Society for the Promotion of Medical Research, which is leading the campaign for defeat of the so-called "State Humane Pound Law," No. 2 on the November 8 ballot. The Society brands this as camouflaged anti-vivisection legislation.

"But for anti-tetanic serum," says General Pershing, "many of our wounded soldiers would have died an agonizing death in the World War. Should the manufacture of this serum be prohibited, you may rest assured that in case of future wars large numbers of men wounded in the defense of their country will be condemned to a horrible death from tetanus.

"Also, research work which developed typhoid-paratyphoid vaccine involved experiments upon animals. Without such experiments the vaccine would have remained unknown. Many men are alive today who, but for the action of typhoid-Paratyphoid vaccine, would have died from typhoid fever during the World War."

Major General C. R. Reynolds, Surgeon General of the United States Army, has warned the people of California to defeat the so-called "Humane Pound Act," according to the Medical Research Society.

"The progress which scientific medicine has made in elucidating the cause of disease and developing means for its treatment and prevention would not have been possible without animal expermentation," says Surgeon General Reynolds. "I feel sure the sound-thinking people of California will disapprove a measure such as the 'Pound Act'."

LEADER PRAISES FRANK MERRIAM FOR ABILITIES

Whitsell Says Governor Has Balanced Budget

"The welfare of California and its people demands the reelection of Frank F. Merriam," Leon O. Whitsell, State Railroad Commissioner and distinguished fraternal leader, said this week.

"I have known Frank Merriam since 1897 and I am familiar with his entire political career," added Whitsell.

"At all times he has been a conscientious, painstaking servant of the people, scrupulously careful of his every act and at all times jealously guarding the rights of the common man.

"He has discharged his many onerous duties with a single eye to the public interest. Frank Merriam will be reelected because the people of California have closely scrutinized his work and have not found him wanting.

"He has balanced the budget and has kept our Ship of State on an even keel during extremely troublesome times. He has demonstrated his superior ability as an administrator and an executive and has won a lasting place in the hearts and affection of the people of this state."

Whitsell pointed out the multitude of Democrats who throughout the State are enlisting in the fight to retain Merriam. He said that Olson's intemperate characterization of William Green, president of the American Federation of Labor as a "labor faker" was resented by many working men.

Women Voters Aid Defeat Of No. 13

Women voters of California will vote to defeat Proposition No. 13, the Revenue Bond Act, because they believe that the time has come to halt the trend of the nation toward bankruptcy and living on borrowed money, according to Mrs. Helen S. Gilmore, prominent clubwoman of Sacramento.

Mrs. Gilmore says: "In my discussion of the various amendments on the ballot I was surprised to note the attention given the Revenue Bond Bill. Interest in this proposed legislation was outstanding.

"The farm woman, especially, realizes the dangers of easy debt. Because of her participation in irrigation districts, reclamation districts and other such assessment districts she knows what happens when bond issues default, and the consequences of 'easy money' promotion.

"We want the two thirds majority vote for floating bond issues kept as a continued safeguard against the passage of bonds for impractical projects," concluded Mrs. Gilmore.

San Mateo Group Condemns No. 20

Members of the Anti Single Tax Association of San Mateo County this week called attention to an editorial which appeared in the San Francisco "News", October 26, in which the popular daily emphatically opposed Proposition No. 20. The editorial, titled, "As For Single Tax", follows:

"Our old friends the singletaxers are at it again, with Proposition No. 20 on the November ballot.

"It repeals the sales tax and provides a progressive repeal of most other taxes in favor of a single tax on land until the State would, within 10 years, take in taxes what we now pay in rent.

"In other words, it socializes land. And so it is a revolutionary measure, advocated by mild persons of the greatest sincerity who won't admit as much.

"If we wish to socialize land and have a revolution, let's put that clearly stated proposal up to the people and see what they would say.

"But let's not deceive people by calling it a sales-tax repeal measure. That is as deceptive as to call it a straight-out single tax measure, which it is not because it would retain the income, inheritance, and other taxes.

"Adoption of No. 20 would throw California's state welfare and relief program into chaos, reshuffle economic values in the most serious way, and place the economy of the state under a strain that it could not stand at this time.

"Singletaxers are our favorite Utopians. As individuals they are superb, from Henry George to our own Joseph Thompson and Jackson H. Ralston.

"Some day, when the people are not so distracted and all of us feel more secure, let's have another debate on the subject.

"The fact is that that debate has not occurred this fall and that the sole hope of the proponents of No. 20 is that thoughtless people will vote 'Yes' because it is labeled a sales-tax repeal measure.

"We recommend to our readers that they vote 'No' on No. 20."

KEEP CALIFORNIA OUT OF THE RED

● Twenty years peace in California . . . then came Bridges and his CIO . . . fourteen years industrial strife . . . our merchant fleets sailed away . . . Grace Line, Panama, United Fruit . . . business, big and little, is hurt . . . men out of work—men on relief . . . farmers' income badly crippled . . . everyone suffers . . . soon a unicameral legislature.

OLSON PLEDGES TO KEEP PEACE FOR INDUSTRY

Proposes State Board To Ascertain True Facts

Industrial peace and not industrial warfare, strikes and lockouts were promised the people of California by Culbert L. Olson, Democratic candidate for governor, in a recent state-wide radio address.

"There is one common desire in the hearts and minds of all workers and employers and all right-thinking citizens of California," said Olson, "and that is a desire for industrial peace. If we are to find the way to prosperity, our progress in that direction cannot be repeatedly interrupted by industrial warfare and its recurrent strikes and lockouts. We must have industrial peace."

Pointing the way to industrial peace under his administration, Olson said, "The peaceful conduct of business and industrial activities is the concern of all of the people, and, therefore, the concern of the people's government.

"I believe it sound policy and it will be my purpose as Governor, to establish a state board or commission to function as a fact-finding, as well as a mediation agency, for the purpose of ascertaining the truth concerning any industrial dispute and publicizing that truth, not as an arbitrary, but as a coordinating or mediating agency, taking the lead in bringing all sides together and persuading peaceful, voluntary settlements.

With a complete understanding of the problems facing the people, Olson said in closing, "I have had experience as a laborer and as an employer of labor — as a farmer, a banker, as a businessman, as a lawyer, as a legislator. My record shows amply that I know the problems of business, and of the average man. I sincerely believe that with my election, and through the agency I shall set up for fact-finding and mediation services in industrial disputes, we shall have industrial peace in California."

ELLIS PATTERSON

The candidacy of Ellis E. Patterson, democratic candidate for lieutenant-governor, has been endorsed by United States Senator Burton K. Wheeler. In a recent radio address Patterson said, "For six years I have led the fight in the California legislature to preserve free schools for the people of California. Today we have the finest school system in the world."

Patterson cited his record as a student, graduate of the University of California, teacher, legislator and member of the American Legion as proof of his Americanism.

Downey Gives Issues For Senate Campaign

Sheridan Downey, democratic nominee for the United States Senate, recently made public a statement of his objectives. Among the issues which Downey discussed were:

ORGANIZED LABOR—

"In behalf of labor I solicit and advocate a more lenient public viewpoint, as well as a more enlightened attitude on the part of industry toward the worker who, through long hours, exacting toil, and often meager wages, provides us with the necessities, conveniences, and the luxuries with which the people of this Nation are so lavishly blessed."

PENSIONS—

"Another problem of National interest and importance is that of retirement annuities for aged citizens Pensions') — and increased benefits of our War Veterans.

—(commonly referred to as 'Old Age

I am unalterably convinced that the importance of the pension question is not, and cannot be confined to the individual recipient. It is a matter of paramount economic importance to the State, to the Nation, and to public welfare. From the individual viewpoint, this proper solution of this problem, on a National basis is just as important to the welfare and dignity of our Youth as it possibly can be to the comfort, dignity and welfare of our aged citizens. The monetary provisions of any sound and constructive pension plan must be sufficiently ample, and the age qualification sufficiently low, to insure a constant buying power that will automatically afford a permanent and active market for the products of industry."

Notice To Creditors
No. 7921 — Dept. 1

In the Superior Court of the State of California, in and for the County of San Mateo.

Justices Stand For Reelection

Four justices of the Supreme Court of California — highest tribunal in the state — will stand for reelection on November 8, an event which occurs only once in twelve years.

The four are Chief Justice William H. Waste and Associate Justices Jesse W. Curtis, William H. Langdon and Frederick W. Houser.

Their election is unlike that of any other office; there will be no opposing candidates. The ballot will carry only the question opposite each name: Shall he be elected to this office? This unique election law originated in a desire to keep politics from being a factor in the race for the supreme bench of the state.

Natural scientists have discovered a way of removing the perfume from rose petals. So perhaps a rose by even the same name may not smell as sweet.

Civic Groups Oppose No. 10

Joining with scores of civic organizations throughout rural northern California in their opposition to Proposition 10, major civic groups of the Bay Area have united in condemning the proposal to open California's beaches to the despoilation and pollution of oil drilling, officials of the Shoreline Planning Association announced here today.

"The speed with which northern California organizations have rallied to oppose the menace to the entire state of Number 10, which directly menaces southern California beaches, is amazing," the statement of the Shoreline Planning Association said in part

"Oil has been discovered by geologists under the sands of two of our most popular northern beaches—and it would be but a matter of time until the despoilation program would spread to the north.

"Furthermore, the heavy blow to tourist trade that would result from destruction of the beaches would injure the prosperity of every city, town, community and hamlet in the state."

All indications point, ofifcials declared, to decisive defeat of Number 10 in every section of California.

EDITORS' NOTE

Political news, illustrations and advertising on this page does not necessarily reflect the editorial policies of the Daly City Record.

Feeling that political issues hold tremendous reader interest, the editors have set aside a particular space for them. To follow an "open door" policy, an attempt will be made to run stories on the merits and shortcomings of various issues and on the qualifications of candidates.

Comments and opinions from readers are welcomed in "Letters from the People" a regular feature in The Record.

Certificate Of Fictitious Name

We, the undersigned, do hereby certify:

COMING AND GOING

Two little girls were discussing the subject of housework at home. "Does your mother keep a girl?" asked the first one.

"Oh, yes, indeed," replied the second; "Mother keeps two girls, one coming and the other going."

more than 400 Public Spirited Organizations CONDEMN

Proposition No. 13

(Revenue Bond Act)

They see the danger in this daring attempt to let down the bars to increased public borrowing . . . They realize the folly of removing the safeguard of the two-thirds vote requirement for floating bonds . . . They want to keep California from overwhelming debt . . . They insist on keeping California economically sane . . . .

You Can Safely Follow Their Lead

Here is a partial list of organizations which say "NO" on Number 13

California State Farm Bureau Federation
California Federation of Women's Clubs
Association of California Public School Superintendents
Commonwealth Club of San Francisco
Little Business of California, Inc.

Proposition 10 WILL RUIN OUR BEACHES Vote NO

PROPOSITION No. 10 authorizes OIL WELLS IN OCEAN (tideland drilling)—this means oil smeared beaches—polluted waters—destruction of the natural beauty of our shoreline.

If this measure is not defeated California no longer will be famous for its beaches.

Proposition 10, a Vicious Measure should be defeated . . . VOTE NO!

West Los Angeles, Venice, Santa Monica, Hermosa, Palos Verdes, Manhattan (Lions Club), Redondo, Playa Del Rey (Civic Union)

PROPOSITION NO. 24 is another measure to destroy our Beaches. **Vote NO on 24**

DALY CITY

TAKES ITS PLACE ON THE MAP

Daly City indisputably has made rapid progress in the past year—we have a new post office, a new city hall is under construction, our remarkable recreation field in Vista Grande park is being developed into one of the finest sports and play centers in the State, new business interests have chosen Daly City for their headquarters.

"Well, that's fine," you may say, "But how does that effect me?"

You can slave and plug and worry your whole life through, and you'll get exactly *nowhere* **unless this** town grows and gets somewhere. Daly City is on the track that leads to success, *but* it takes all hands to keep her there. Every bit of work you do to promote this town is a bit of work done for yourself and your own personal welfare. It stands to reason the more attractive we make our city, the more people will want to live here.

Take a real interest in civic life in Daly City; support the loyal merchants listed below who have ably helped in the project of getting new improvements for Daly City—do these two things and you'll soon enough put yourself and your hometown on the map—in BIG CAPITAL LETTERS.

Daly City Chamber of Commerce

An organization dedicated to the purposes of developing the civic, commercial and industrial interests, resources and welfare of this community.

PREDICT LARGE MAJORITY VOTE FOR MCGRATH

Up-swing Among Labor, Farm, Business Groups

Congressman John J. McGrath will be re-elected on November 8 by a 10,000 majority, according to a statement issued last evening by Mitchel Saadi, McGrath's campaign coordinator, after a careful check of sub-chairmen reports from every section of the five-county Eighth Congressional District.

J. J. McGrath

While Monterey county carried for McGrath at the primaries, a decided increase in his favor is noticeable in the reports, Saadi said. Saadi also stated that though San Benito is the home of McGrath's opponent, the congressman will more than hold his own there when the votes are counted. Throughout the Santa Cruz area, the incumbent has gained a lead which is daily increasing, promising a 7 to 5 finish in favor of the congressman.

"From every indication the McGrath boom got under way a week ago," Saadi said. "The up-swing is particularly marked among the farm areas, labor and the small businessmen. Santa Clara county, being the vote center of the district, will be the battle-ground of the congressional fight. Already McGrath is leading his opponent here and rapidly outdistancing him. McGrath will break even in San Mateo county. Conservatively speaking, I would say that McGrath will be re-elected by a 10,000 majority."

HALLOWE'EN PARTY

Mrs. S. C. Young of Woodrow street entertained at a Hallowe'en party Saturday afternoon for her children Gerald and Esther. Several children attended in costume.

The afternoon was spent playing games.

The table was cleverly decorated in Hallowe'en colors. A huge Hallowe'en cake occupied the center of the table. The shades were drawn and the only light in the room was furnished by lighted pumpkins and candles on the tables.

Guests were Mrs. A. M. Harrison and daughter Eloise, Betty and Josephine Rivas, Jackie, Peggy and Mildred Zugar, Mrs. J. Noble and daughters Corinne and Jeanne, Jackie Silvara, Mrs. M. Hadley and son Herbert, Mrs. C. Harris and daughter Marlene, Mrs. E. Shreve and children Lucille and Frank, Lorraine Sanders, Mrs. Spencer and son Michael and Miss Gladys Boghosian.

Protect Free Speech! Vote "NO" on Proposition No. 1. —Adv.

Youth Groups Oppose No. 1

Seventeen leaders of youth organizations, including officers of both the Young Democrats and Republicans, joined this week in an appeal to young people to Vote "No" on State Proposition No. 1, the anti-picketing initiative on the November 8 ballot. The appeal was issued in 50,000 copies through the State Council of the California Youth Model Legislature.

The group claims that "organized labor in the past has stood shoulder to shoulder with youth in many campaigns for progressive legislation. Free public education and the National Youth Administration are part of the fruits of the union's cooperation with youth."

The appeal was signed by Pete Florio, president, Los Angeles Epworth League; Mort Newman, president, Christian Youth Council of Los Angeles; Fred Vast, editor of the San Francisco Junior College "Guardsman"; Dave Gill, state president, Young Democrats; and Edward Nichols, executive vice-president, Young Republicans; and many others.

Credit Gallagher For Fine Highways

Declaring that Andrew J. Gallagher, candidate for the State Board of Equalization from the First District, is more responsible for the fine highways connecting the six coast counties of the district with San Francisco than any other person, Peter Sorensen of Redwood City, announced that he was working day and night for Gallagher's election.

Sorensen, who was campaign manager in San Mateo County for Fred W. Meyer in the Primary campagin, wrote Gallagher's headquarters as follows:

"I am for Andrew J. Gallagher for the Board of Equalization. I have known him for many years and have always found him honest, efficient and experienced. While Gallagher was supervisor of San Francisco for many years his work was always constructive and he was instrumental in doing a tremendous amount of good work for the modern highways in the counties south of San Francisco," said Sorensen.

Gallagher was largely repsonsible for the formation of Joint Highway No. 10, comprised of the County of San Mateo and the City and County of San Francisco, providing for the extension of Juniperro Serra boulevard in San Francisco down the peninsula through San Mateo County to the northern line of Santa Clara County.

Gallagher assisted in breaking the Daly City "Bottle Neck."

The Bayshore Highway project was also fathered by Gallagher and he was given most of the credit for securing $1,000,000 for the job. This road will extend all the way to San Jose.

Mrs. R. P. Richardson of Acton street and Mrs. G. V. Duffield of Thirty-second avenue enjoyed a fine luncheon at Bernstein's Fish Grotto Friday of last week.

Open Headquarters Here For Anderson

The campaign to send John Z. Anderson to Congress as representative of the eighth congressional district reached a climax in the Daly City-Colma area Monday with the establishment of headquarters at 6454 Mission street.

Working from that base, scores of workers have taken the field to acquaint Daly City voters with the character and aims of the man who piled up a lead of 11,492 votes over Incumbent Congressman John J. McGrath in the primary election.

Anderson himself made his first bow to Daly City Saturday when he lunched with a large group of local leaders and called on others, personally describing to them his platform. He will be in Daly City again tomorrow to greet those that have endorsed his candidacy.

Describing himself as "not a politician, but a man who desires to represent ALL the people of his district—laboring man, business man and farmer alike" — Anderson stressed the following points in his platform:

1. Elimination of politics and partisanship from relief administration to the end that present relief evils may be ended.
2. Revision of powers of the National Labor Relations Board to eliminate charges of bias against certain Labor groups and certain employers, and to insure Labor full and proper exercise of its right to collective bargaining.
3. Revision of foreign trade agreements that now are depriving American workmen of jobs by flooding the country with cheap foreign products.
4. An adequate, workable national plan of old age pensions to eliminate red tape and insure that money paid into pension funds shall be spent for pensions, not for government needs.

Committee Works To Defeat No. 5

"Under the cloak of innocent sportsmen a so-called 'fishing control' measure, No. 5 appears on the November ballot. This bill was defeated at Sacramento in 1937 by the Legislature and the proponents of this proposition now seek to enact this monopolistic measure into law by way of the initiative," announced members of the Committee to Defeat Proposition No 5, this week .

It is claimed that this measure is not a conservation one as its sponsors suggest. The groups opposing the measure point out that in 1937 two million tons of sardines, a migratory fish, were taken from the waters of the Pacific ocean by Japanese fishermen against four hundred and twenty tons caught on our coast.

George R. Reilly Gains Supporters

The campaign to elect George R. Reilly, Democratic nominee to the State Board of Equalization is gaining momentum in every one of the seven counties comprising the First District of the board.

This was the announcement, early this week, of A. H. Meyer, general campaign chairman, after receiving reports from leaders in the various county headquarters.

"The sentiment in behalf of George R. Reilly is evident everywhere," said Meyer. "A clean-cut young business executive, he has made a splendid impression on the voters. He can be absolutely depended upon to fight for good, clean government and honest law enforcement."

Business and labor and virtually all civic, women's, property owners and other groups throughout the district have endorsed Reilly's candidacy. His campaign chairman, Meyer, is president of the Better Business Bureau of San Francisco. His labor division is headed by Lawrence Palacios, vice-president of the San Francisco Labor Council, and Dewey Mead, vice-president of the San Francisco Building Trades Council. Mrs. Lottie Huenergardt, prominent Republican, is chairman of the Women's Non-Partisan Committee for Reilly.

Reilly's campaign is being conducted along non-partisan lines with Republicans, Progressives, and other political groups joining with Democratic actively supporting him.

Democratic County Central Committees in all the counties of the district are united in working for Reilly's election.

HOUSE WARMING

Mrs. A. Michelsen, who recently moved into her home on Willits street entertained at a house warming and luncheon Wednesday.

Those enjoying this affair were Mesdames H. Glover, V. Berg, E. Dittrich, J. Peterse, L. Ross, D. Ferguson, J. Bracco, C. Michelsen, O. Hodne, W. Carter, J. Fields, J. Himes, H. Bisler and daughter Barbara.

In the evening Mr. and Mrs. Michelsen had as dinner guests Mr. and Mrs. H. Glover of San Francisco and Mrs. L. Fowler of Oakland. Later cards were enjoyed.

Mrs. Madeline Fellows of Vista Grande avenue, Grand Second Bard of the Ancient Order of Druids, accompanied by a staff of grand officers, motored to Larkspur Saturday evening to take part in the institution of a new circle.

State Bar Backs Retirement Act

The State Bar of California and the California Judges' Association are actively working for the adoption of Proposition No. 16, which is a constitutional amendment for the ratification and validation of the Judges Retirement Act adopted by the California Legislature in 1937.

Judge Aylett R. Cotton, superior court judge of San Mateo County, urges support of this amendment, the most important part of which is that of continuing the judicial authority of the retired person after he reaches the age of 70 years and making him available for judicial services, if he desires to work, upon designation of the Judicial Council. This will enable retired Judges who still retain their physical and mental capacity unempaired to still assist the courts of this state, if they desire and if the Judicial Council considers that they are still able to do the work. Many men 70 years of age are at their best as is shown by the Supreme Court, and many of the Justices of the Supreme Court and the District Court of Appeal of California who are over this age. If this amendment is not adopted the services of these men will be lost if they retire. A striking example is the case of Judge Walter Perry Johnson of the Superior Court of the city and county of San Francisco who has recently retired and is considered one of the most able jurists of the state. He is desirous of serving to supplement the work of other judges and on account of the doubt of the constitutionality of this act has been unable to do so and will not be able to do so in the future, without stipulation of counsel, unless this amendment is approved.

BABY SHOWER

Miss Rose of Brunswick street gave a shower for her sister-in-law, Mrs. M. Rosenberg of 5640 Mission street, Tuesday evening last week.

The affair was held in the banquet room of the Koffee Kup at Eighteenth avenue and Geary street. A delicious dinner was served to the forty guests. Cards were played.

Mrs. Rosenberg received many lovely gifts.

KEEP AN EXPERIENCED MAN AT THE HELM!

HERE ARE SOME FACTS:

1. The State Board of Equalization collects almost 200 Million Dollars Annual Revenue.
2. Approximately 90 Millions of it is used to build and maintain your schools.
3. 50 Millions of it is turned over to the Needy. To aid crippled and blind men, women and children of your community.
4. 50 Millions are used to maintain our fine highway system.
5. Regardless of your present property tax, it would be 20% higher were it not for revenue collected by this department.
6. Did you know Andrew J. Gallagher is responsible for the honest, efficient collection and administration of these funds?

Retain Andrew J. Gallagher in this important position.

He is the incumbent-member! He is Experienced, Honest and Capable!

Vote for Andrew J. Gallagher, Incumbent-Member of the State Board of Equalization next Tuesday, November 8.

Colma News

by Eleanor Price

A group of young people enjoyed A group of young people enjoyed a delightful Hallowe'en party and dance, Monday evening, at the home of Mrs. L. Volkman on Washingotn street, Colma. Among those present were the Bob Capps, Emil Harrison, Bob Wright, H. Grantham, Elliot Sidey, Bob Seville, R. Kennedy, D. Millet, R. Christen, J. Defino, J. Sparks and Leslie Volkman, Elaine Hanson, Genevieve Price, Muriel Lewis, June Volkman, Gloria Linden, Muriel Mooney, Maximae Morris, Dorothy Camenzind, and Lillian Cavagnaro.

Mrs. J. Grondona entertained a party of relatives, last Tuesday evening, at her home on Hillside boulevard. A very enjoyable evening was had playing cards, after which refreshments were served.

Those present were Mr. and Mrs. R. Bono and son Rollie Jr., and Mr. and Mrs. William Lopez, Mr. and Mrs. V. Capurro and daughter Florine, and Mr. and Mrs. A. Ramaccoitti.

Miss Dina Arboco and Mr. Bocci Podesta of Stockton were week-end guests of Mr. and Mrs. V. Capurro of Chester street.

The play "Go Easy Mabel", given last Saturday night by the Colma Players for the benefit of the Holy Angels Church, was well attended. Those in the cast were Oliver Granucci, Elizabeth Cattori, Marjory Fuchs, James Barrett, Henry Biggio, Mary Conti, Eleanor Price and David Gaggero. The play was under the direction of Mary Belli and her assistant Albert Belli.

The Colma Players under the direction of Miss Mary Belli put on the play "Go Easy Mabel" at Sharps Park Wednesday evening, October 26, for the entertainment of the C.C.C. boys, bus transportation was furnished the players by the C.C.C. camp.

Mr. A. Conserva, who has been a patient at St. Mary's Hospital for the past month, is greatly improved and is at his home in Colma.

The Colma Parent Teacher Association celebrated its sixth birthday by entertaining its charter members at a luncheon at the Thornton school on Tuesday. The school colors red and white were carried out in the table decorations and each charter member was presented with a corsage of red and white flowers. Following the luncheon the regular meeting of the unit was called to order by the president, Mrs. H. Remington. Mr. Clive Saiz gave an interesting talk on Proposition 20, which will be on the ballot November 8. Mrs. Minnie Chapel, director of the WPA sewing told of the instruction given the school children of this district and showed samples of the work. A very interesting program telling of the landing of the Pilgrims and a play "The Spirit Of Thanksgiving" was given by the children of the Thornton school. Following the meeting cake and coffee were served. The charter members present were Miss Genevieve Gannon, Miss Marie Traynor, Mrs. H. M. Colwell, Mrs. L. M. Martinelli, Mrs. M. Woodside, Mrs. J. H. Price, Mrs. M. P. Brown, Mrs. D. Agresti, Mrs. A. Hollingsworth, Mrs. A. Zanetti, Mrs. C. Lamphart, Mrs. H. Lucas, Mrs. V. Epidendio and Mr. R. L. Crane.

A delightful party was held Saturday evening, October 29, at the home of Raymond Biachini, formerly of Colma and now residing at 300 Casitas Way in San Francisco. Many of his local friends were among the guests. Those who attended from Daly City and Colma were Bonnie Bush, Eleanor and Genevieve Price, Violet Tosetti, Henry Biggio, Steve Brosman and Thomas Doyle.

Jefferson Indians Defeat Cherokees

Jefferson's Indians traveled to Redwood City last Friday to play the Sequoia Cherokees.

The teams were evenly matched at the beginning of the game.

The game went through the first quarter with no gain. Toward the end of the first half a pass to Jack Parker gave Jefferson its scoring chance. They took this chance and Tony Compagno started around his end and cut back through a hole and went over.

The Indians held their six point victory through the rest of the game. They had another chance to score but did not succeed.

The game was played in Sequoia territory with both teams fighting hard. There were very few substitutes for either team placed in action of other player.

Indians who were responsible for the victory: Tony Compagno, Buzzy Wright, Bob Christen, Jack Parker, Kevin Epidendio, Buster Eldrup, Harry Ayres, Herb Poddig, Paul Tolovi, Harvey Smith and the others who kept the Cherokees from advancing through the line.

Bob McCune, Jefferson's fastest end, was in on every play. Roy Guisti and Ed Colombini also played a good game.

This game gives Jefferson three wins and one loss and a chance for the P.A.L. Championship.

CUB PACK NO. 141 ENJOYS PARTY

Cubs and denchiefs and their friends, Monday evening attended a lively get-to-gether at the home of the cubmaster, 25 Los Banos street.

Various games and a preview of the cub movie just completed were among the things engaging the youngsters' attention

Jimmy Pedersen is now a full-fledged Bobcat Cub. He chose Den No. 5 which is bigbrothered by Den Chief Kenneth Claussen.

Another Jimmy—Jimmy Nielsen, who was adopted by the Pack as official mascot, was presented with a membership card attesting to that fact.

Refreshments were served.

LOCAL NEWS OF DALY CITY FIELD

Mr. and Mrs. John Lindsay of Oakland are residing at 135 Winchester street. Mr. Lindsay is a building contractor.

Mrs. R. J. Ennis of Irvington street entertained the members of her club for an evening of cards, Friday of last week.

At a bridge party last Saturday Mr. and Mrs. Douglas Christopher of Flood avenue entertained the following guests: Mr. and Mrs. L. Hellmer of Belmont, Mr. and Mrs. C. Walden of Menlo Park, Mr. and Mrs. B. Segulyez of San Francisco, Mr. and Mrs. W. Irwin and Mr. and Mrs. M. Evans of Daly City.

The regular monthly whist sponsored by the Fraternal Order o f Eagles will be held in Eagles Hall Monday evening, November 21.

The Mothers' Troop No. 149 Scouts are sponsoring a benefit whist in Masonic Hall this evening, Friday.

Richard Bolger of Risel street entertained a group of twelve friends and schoolmates at a house party Saturday evening of last week. Dancing and indoor games were enjoyed. A benefit supper was served.

Mr. and Mrs. Raymond Harbaugh of Peoria street entertained a large group of friends at their home Saturday evening at a Hallowe'en party. Dancing was enjoyed and a buffet supper was served.

Mrs. Agnes Baumeister of San Jose avenue, formerly of San Diego avenue, was a luncheon guest of Mrs. Margaret Gillette at her home on Sixteenth street in San Francisco, last Friday. In the afternoon the ladies were joined by Mrs. Florence Hancock and the group visited the Christian Science Sanitarium on Eighteenth avenue.

Arthur Linhares of Los Banos avenue is a patient at St. Luke's Hospital where he underwent an operation Wednesday evening of last week for accute appendicitis. Latest reports are he is doing nicely.

Mrs. Cullum before her marriage was Miss Adeline Pellicani of San Diego avenue.

Mr. and Mrs. R. P. Richardson of Acton street entertained eight guests at a Hallowe'en dinner Saturday of last week.

P.T.A. POSTPONES REGULAR MEETING

Due to the fact that the second Tuesday of November, the regular day, the meeting will be postTHHH meeting day of the Crocker P. T. A., is election day, the meeting will be postponed for one week, and will meet Tuesday, November 15, at 2 p.m. at the Crocker School.

Mrs. Bernadine Lewis entertained the Sew and Sew's this week and the next meeting of the club will be on next Thursday at the home of Mrs. Virginia Davidson, 583 Hanover, at which time the executive board will meet and Mrs. Otha Kinsey will continue instructions in the study on Taxation.

Mrs. Olga Bordsen, magazine chairman has announced the magazine luncheon for Wednesday, November 16, the time to be announced later.

MRS. FLORENCE CHESS AT NATIONAL MEETING

When Mrs. Florence Chess, department president of the California American Legion Auxiliary, left for the National Executive Board meeting in Indianapolis, November 1 and 2, she took with her thousands of 1939 membership dues which were collected in a concentrated drive on October 27, Navy Day. Many more were wired her while she was in session, as this annual custom is one of the highlights of the meeting, when Presidents of fifty-two states and territories meet, representing 461,000 women of the Auxiliary.

Mrs. Chess was accompanied by Mrs. Ethel Flynn, the California secretary-treasurer, bearing a great part of the membership dues of the 25,000 members in California.

Mrs. Chess is a resident of San Mateo, where she has been active in organization work for many years.

High School P.T.A. Board Holds Meet

The executive board of the Jefferson Union high school P.T.A. met Wednesday afternoon. Luncheon was served at the school cafeteria with Mrs. Edith Ferguson and Mrs. Mary Crane hostesses. The rummage sale has been postponed and will be held on Wednesday and Thursday, November 16 and 17. The place will be announced later. Articles for the sale should be sent to Mrs. Martha Linden, 467 Niantic street. Mrs. Mae Conserva and Mrs. Tina Hollingsworth wish to thank the members and many friends who assisted and helped make the whist such a huge success.

The regular meeting will be held on Tuesday evening, November 15th, at 7:30 p.m., in the main auditorium at the high school. A most interesting program has been planned. The affair will be especially interesting to the men of the school district. Every man is urged to attend.

Seven of the board members are taking the correspondence course and are enjoying it very much. Mrs. Stella Jensen is the leader.

WOODROW WILSON P.T.A.

The Woodrow Wilson P.T.A. is holding its Annual Turkey Whist, Thursday evening, November 10, at Masonic Hall. In addition to the turkey orders, many other lovely prizes will be given. Mrs. Lillian Thomey is chairman. The executive board will meet Tuesday afternoon, November 8, at the school.

Sculptor Bufano To Speak Here

Beniamino Bufano, world famous sculptor, will address the dinner meeting of the San Mateo County Teachers' association which will be held next Monday evening at Jefferson Union high school, according to an announcement made by Clive M. Saiz, president of the association. Mr. Bufano is best known for his statue of St. Francis of Assissi but it will be remembered that he designed the buffalo which appears on the five-cent piece. This was done in 1913 while he was in the studio of James Fraser in New York. While he was born near Rome he has spent most of his life in the United States.

Teachers of the county who attend the dinner meeting will be the guests of the local school at a swimming party from five to six o'clock.

"The American Renaissance" is the topic chosen by Mr. Bufano for his address and he will answer questions at the conclusion of his talk.

Students See New Business Machines

Miss Edna Smith accompanied a group of Jefferson high school students to the Business Show of Progress at the Palace Hotel, Tuesday of this week.

Many machines were demonstrated, including bookkeeping machines, addressing machines, automatic check writers, electric typewriters, check protectors, dictating machines, duplicators (both stencil and ditto process), envelope sealers and openers, multigraph, metered mail, safes, and time clocks.

The students who attended were: Elva Lagomarsino, Irene Utman, Gloria Fontana, Doris Degliantoni, Lawrence Caserza, Jean Hanselman, Sylvia Henriksen, Marion Dietrich, Flroyse Demetris, Lydia Vandenburg, Violet Prziborouski and Helen Larson.

Junior Patrol Proves Helpful

What factor in the growing list of activities engaged in trying to control traffic accidents are proving to be outstandingly successful? The San Mateo County Traffic Safety Commission would answer this question by directing your attention to the splendid work of the Junior Traffic Patrol in our Elementary Schools. Late reports from the National Safety Council show that school children in the age group 5-14 years have the lowest accidental death rate. Without question this most gratifying record is largely the result of the activities of the Junior Traffic Squads which direct traffic at crossings adjacent to the schools. The motoring public can very definitely assist in making this effort even more successful. Co-operation with the members of the Patrol when they are on duty, a recognition of their efforts, and special caution when motoring on streets near the school grounds will make this year's record even better than last year's. — SAN MATEO COUNTY TRAFFIC SAFETY COMMISSION.

Alfred Campergue of Oliver street passed away Sunday at a San Francisco hospital after two years' illness. Funeral services were held Wednesday at a San Francisco mortuary and interment was at Holy Cross Cemetery. Campergue is survived by his wife and two sisters in France.

Keep California American! Vote "NO" on Proposition No. 1. —Adv.

BRIDE TO BE HONORED AT PARTY

Miss Rita Corish of Parkview avenue was guest of honor at a miscellaneous shower given by her sister Mrs. William Webb at her home on San Diego avenue Tuesday evening of last week.

Miss Corish is to become the bride of Eugene McDaniels.

The dining room and table were prettily decorated in pink and white crepe paper and flowers.

Guests were Mesdames Mary Caulfield, Katherine Costello, Margaret Sturtevant, Mary Hull, Verna Borges, Mary Conci, Norma Demo, Wilma Macatine, Vera Jensen, Janet Reese, Misses Mae Costello and Mary Coody.

Birthday Dinner And Reception

Mr. and Mrs. M. E. Patsel of Alexander avenue were among the guests at a birthday dinner given in honor of Mrs. Patsel's mother, Mrs. Marie Boehm at her home on Harold avenue in San Francisco, recently in celebration of her sixty-fourth birthday.

This affair was also in the form of a reception given in honor of Mrs. Patsel's sister and husband, Mr. and Mrs. Robert Chambers, who were married Saturday, October 15, and returned Sunday from a honeymoon spent at Mt. Lassen.

Those present at the dinner were Reverend and Mrs. L. W. Reneau and son, Mrs. Marie Boehm, Mr. and Mrs. Robert Chambers, Mr. and Mrs. M. E. Patsel, Mr. and Mrs. W. E. Patsel and daughters Barbara and Doreen, Mr. and Mrs. H. Trautner and children June, Florence, Margie and Herbert, Mr. and Mrs. Frank Boehm and son Russell, Herbert Boehm, Frank Gildersleve, and Miss Marie Mathewson and her fiance.

Many other friends and relatives called during the evening.

JOURNALISTS MEET AT STANFORD

An all-day conference dealing with the various phases of journalism was enjoyed by several members of the Totem Pole staff, last Saturday, at Stanford.

Outstanding speakers addressed the young journalists and members of the division of journalism staff. Among the speakers was Paul C. Edwards, associate editor of the San Francisco News.

A tour of the campus included a visit to the Memorial Chapel, as well as the museum and art gallery.

Those who made the trip include: Jack Clifton, Margaret Ford, Ernest Giomi, Helen Isola and Clive M. Saiz, advisor.

San Mateo Jaysee Has Full Calendar

San Mateo Junior College gridders will meet the powerful San Bernardino Jaysee team tonight in the southern California city. This is the first time in years that a Matean team has gone so far south for a football game. The San Bernardino Indians have won 23 of their last 24 games and are favored over the San Mateo Bulldogs.

San Mateo lost its conference game at Modesto before six thousand spectators, 6-0, when the Modesto line, heaviest in the conference proved the deciding factor.

Medical aptitude tests will be given at the junior college, December 2, by the association of American Medical Colleges, for such students as desire to enter some medical college.

Seventy-six students at the college earn part of their own expenses by working under the National Youth Administration. The government has cooperated to assist needy students in staying in school. Jobs at the junior college include manual labor, clerical work, and varied other tasks..

Saturday evening the college instructors will attend a meeting of the Northern California Junior College Association to be held at Stanford University. The all-day session will feature a number of prominent speakers, a business meeting, and a noon luncheon.

COUNTY PLAYS HOST TO JR. GAME PATROL

San Mateo County was host to 156 members and officers of the Junior Game Patrol at Memorial Park last week-end. The boys camped out despite the rain and staged an active program.

The patrol is sponsored by the State Department of National Resources and the Division of Fish and Game. In charge of the camp, which was the annual state convention of the group, were State Game Warden Mannie Joy and his assistant, Larry Werder.

NATIONAL ART WEEK

An interesting program and bulletin board display was prepared for National Art Week, November 1 to 7, by Mrs. R. Corral, art supervisor. An outdoor assembly at the Woodrow Wilson Elementary School this week proved a colorful spectacle as students in the school spelled out "National Art Week," each child relating to the assembly in a short sentence what the letters making up the words represented. The letters held by the individual students were artistically constructed in color wheel harmony.

PWA ENGINEER HERE TO HELP ON CITY HALL

New Building Scheduled For Completion March, 1939

Appointment of Julius F. Castelan as resident engineer for the Federal Public Works Administration on the new $432,223.00 PWA financed Daly City Hall was announced this week by Kenneth A. Godwin, regional director, in charge of Region No. 6.

Construction on the new city hall, made possible by an outright PWA grant of $19,450.00, was started on October 20, 1938, and is scheduled for completion March, 1939.

Mr. Julius F. Castelan will bring with him a wide experience gained as engineer on other important undertakings, to aid the local authorities, and the contractors in meeting PWA Administrator Ickes' demands for speed, in order that the community may have the new facility as quickly as possible and so that men will be put to work.

"It will be his duty," Director Godwin announced, "to see that the new city hall is built in accordance with the high standards embodied in the plans and specifications. He will see to it that the quantity and quality of materials being used is in accordance with requirements, that workmen are paid in accordance with established wage scales, and that they are adequately protected against accidents, as prescribed by PWA regulations"

The local PWA office will be at the construction site.

DID YOU KNOW?

That Daly City was incorporated in 1911?

* * *

That Daly City has more miles of paved streets than any other city in the state of equal size?

* * *

That the old city hall had been in use since 1914?

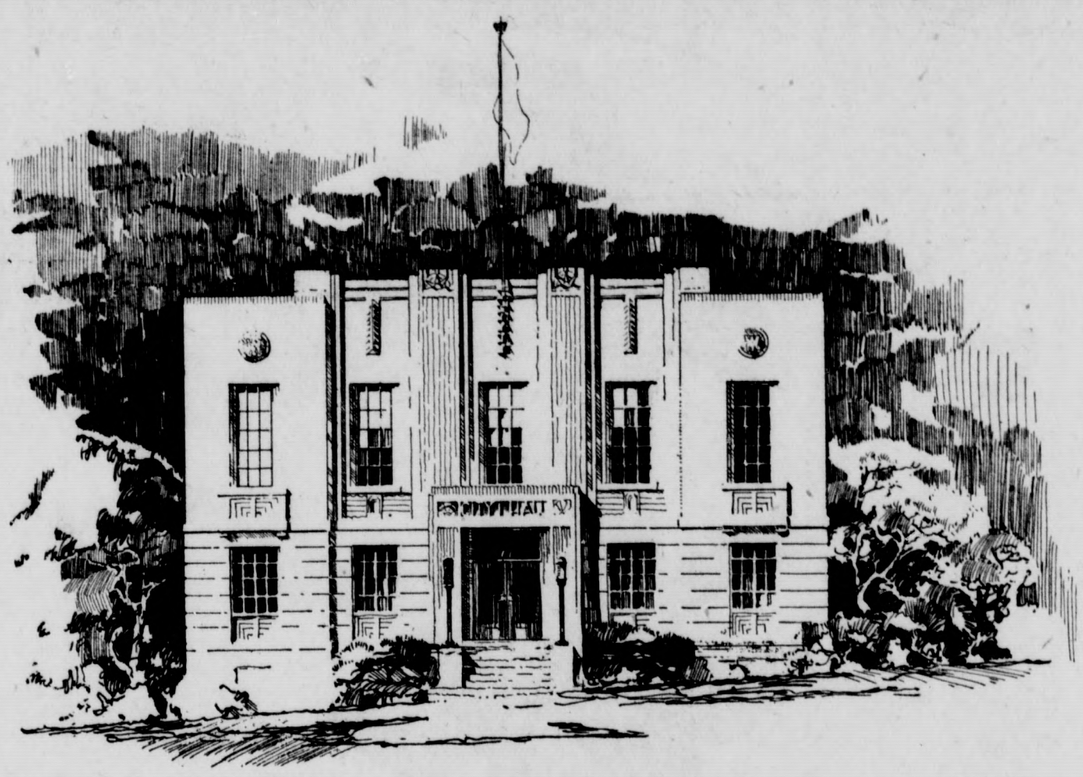

* * *

That Daly City now has one of the foremost secondary education plants in the state?

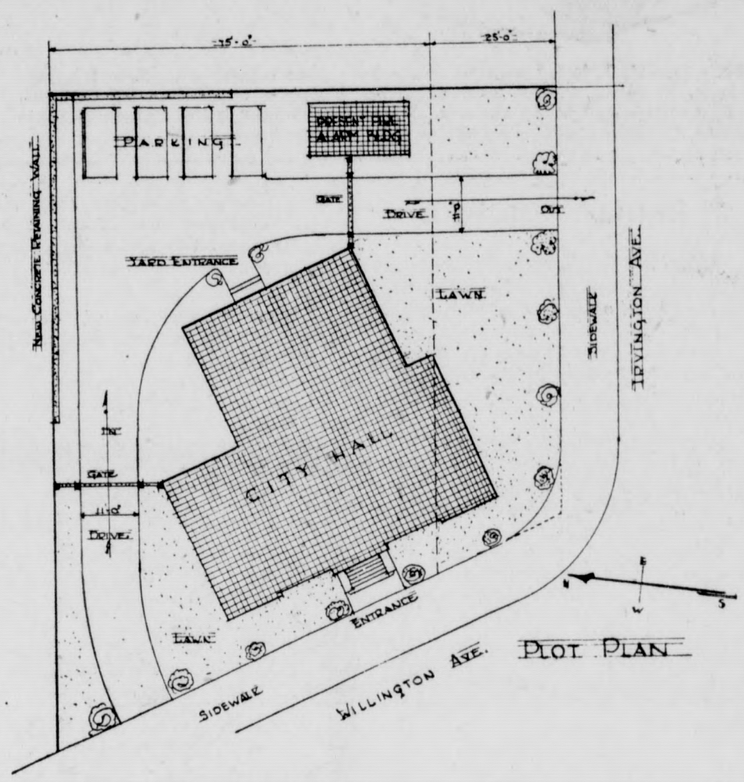

* * *

That Daly City had only about 2,000 residents at the time of its incorporation?

View of Front Elevation

Above is a reproduction of the architect's drawing, showing the front view of the new city hall as it will appear when completed.

To the left is the plot plan for the new hall. This plan also indicates street intersections and landscaping.

More Than Twenty Firms Aid On Hall

The following contractors and businesses are supplying materials and services for the new city hall:

Will H. Toepke, architect
H. H. Larsen Co., general contractor

NEWS NOTES OF PERSONAL INTEREST

Mr. and Mrs. John G. Cullan Jr. entertained at a Hallowe'en party at their home on San Diego avenue Saturday evening. The living room was decorated in Hallowe'en colors and a large skeleton greeted the guests at the front door. Guests were Mr. and Mrs. Robert Callan, Mr. and Mrs.. Daniel Curtin, Miss Evelyn Garbarino and Norman Callan.

Ralph Gomez, 8, of Miriam street was treated at the Villa Sanitarium this week for cuts and bruises sustained when he was struck by an automobile.

Mr. and Mrs. L. Burley of Winchester street and Mr. and Mrs. Strack spent last week end at Lake Tahoe.

Louis Varni of Irvington street and Shell Cooper opened their Nob Hill Lodge, a handsome cocktail lounge, at 1093 Pine street, Thursday of this week. Louis' many local friends wish him the best of luck.

A marriage license was issued in San Francisco this week to Ray Sartori, 21, 1044 Grand avenue, and Virginia Beament, 18, of Daly City.

Mrs. A. Iverson of Vista Grande avenue is confined to her home and under the doctor's care. Her many friends wish her a speedy recovery.

Mr. and Mrs. Grade and daughters of Burlingame were visitors Sunday at the home of Mr. and Mrs. W. Fasshauer on Vista Grande avenue.

Mrs. J. Hendrickson of San Francisco and nephew Albert Lynch, an intern at the Veterans Hospital at Napa, were visitors Thursday of last week at the home of Mr. and Mrs. Peter Dormoy of Mission circle.

Wedding bells rang in Santa Clara County over the week end for Thomas Forbes, 40, and Katherine Kay, 37, both of Daly City.

Mr. and Mrs. Peter Dormoy of Mission circle motored to Hayward Sunday and spent the day visiting Mr. and Mrs. C. Casson at their ranch, the Bonnie Doone.

Mr. and Mrs. Charles Cullers and family of Richmond spent Saturday visiting at the home of Mrs. Cullers sister and family, Mr. and Mrs. A. Larsen of San Diego avenue.

Mrs. Z. Selmi of Mission street, Mrs. Ethel Clark and Mrs. Dorothy Selmi of Santa Barbara avenue enjoyed luncheon at Fisherman's Wharf Monday of this week.

Mr. and Mrs. A. Sampino of Wilson street entertained 75 guests at a Hallowe'en costume party Saturday evening of last week.

Mrs. Viola Callan entertained the members of the Delta Club at her home on San Diego avenue Tuesday evening. After a business meeting tasty refreshments were served and a social evening was enjoyed.

Colorado Hunter Bags Largest Deer On Record

One of the largest mule bucks in the U. S. to be brought down by a deer hunter was recently bagged by Lawrence E. Roe, lumberjack, 75 miles west of Denver, Colo. Weighing more than 500 pounds, the buck had 24 points; 13 on the right antler and 11 on the left. Miss Clara Geiger of the Colorado State Game Department is pictured reaching 46 inches across the antlers of the huge buck.

MRS. R. McDONOUGH SURPRISED AT PARTY

Miss Norine Purcell of Burlingame pleasantly surprised her aunt, Mrs. Richard McDonough of Winchester street, at a birthday party Tuesday evening.

Mrs. McDonough was entertained at dinner in town by her husband and upon returning home was surprised by her niece and friends who had planned a surprise party.

The dining room and table were prettily decorated in Hallowe'en colors and favors. A large Hallowe'en cake occupied the center of the table.

Mrs. McDonough was presented with a beautiful gold chain and cross.

TWIN BABIES

Joan and Judith Dunn, twin daughters of Mr. and Mrs. Timothy Dunn of Acton street, who had been in incubators at Mary's Help Hospital since their birth a month and a half ago are now at home with their parents.

Joan, the larger, was brought home a week ago and Judith Thursday of last week.

Mrs. Dunn was the former Miss Beatrice Cuneo of Peoria street.

CELEBRATE BIRTHDAY

Mrs. Ethel Clark entertained a group of friends and their children Friday afternoon of last week at her home on Santa Barbara avenue honoring her daughter Marilyn Janet who celebrated her second birthday.

The table and dining room were prettily decorated in Hallowe'en colors and favors.

A huge birthday cake occupied the center of the table.

Guests were Joan Clark, Joan Beecher, Mrs. Van Der Werff and daughter Norma Jean, Mrs. De Martini and granddaughter Barbara, Mrs. D. Selmi and sons Eugene and Bruce, Mrs. W. Rowe and son Kenneth, Mrs. W. P. Clark, Mrs. R. Johns and grandson Thomas Tucker.

Marilyn Janet received many lovely gifts.

Thirteen livestick shows and several national conventions of livestock associations will be held at the 1939 California World's Fair

BRIDAL SHOWER

Mrs. Eloise Harrison of Woodrow street entertained at a bridal shower, Friday evening of last week honoring her cousin, Miss Martha George.

Miss George is to become the bride of Alfred Thomas of Berkeley, Saturday evening of this week in Petaluma.

The table was prettily decorated in white crepe paper, flowers and bon bons.

Cards and games were enjoyed during the evening.

Those attending were Mrs. E. I. Pierce and daughter Marian of Oakland, Mrs. B. McNutt of San Anselmo, Miss Elizabeth George, Miss Anette George, Mrs. Ruth George, Mrs. Genevive Haynes of San Francisco, Mrs. Grace Sweeney of Alameda and Mrs. Nellie George of Petaluma.

Keep California American! Vote "NO" on Proposition No. 1. —Adv.

Mrs. George Felsch of Palo Alto spent Friday as the guest of her daughter, Mrs. William Irwin of Hanover street.

Charles MacCarthy of Bellevue avenue and his nephew Robert MacCarthy attended the Lowell-Galileo high school football game in Kezar Stadium Saturday of last week.

EARL WARREN IS FAVORED NOMINEE

"Put A Genuine Sportsman in Office," Say Supporters

Importance of voting on the office of Attorney General next Tuesday was pointed out today by Earl Warren, Republican, Democratic and Progressive nominee for the office.

"From all parts of the state," said Warren, "I have received letters and comments expressing the opinion that, since I have the nominations of the major parties, I am already elected. But this is not true.

"There is no position more important to the people of California than that of Attorney General, because it determines not only the lines along which the laws should be administered, but in the last analysis it fixes the standard for the administration of justice.

"I again pledge to the voters of this state that, if chosen for this important office in the election on November 8th, I will administer it to the best of my ability for the welfare and happiness of all the people."

Mrs. T. C. Mehan of Risel street entertained at a luncheon and card party Thursday afternoon of last week. Guests included Mesdames Anna Smith, Elizabeth Brauer, Winnie Garrity, Carrie Norry, Honey Jennings, Mary Blume, Agnes Norry and Emily Miller.
